Mitch Santner (centre) was clinical against Sri Lanka on Thursday | VINOD KUMAR

KIWIS SQUASH LANKA, SEMIS SLOT ALL BUT ASSURED AS FOURTH TEAM

With a five-wicket win in Bengaluru, New Zealand have given themselves the best chance of qualifying. Only a miracle can save Pakistan

CLINICAL CHASE AFTER BOWLERS STEP UP

With the threat of rain looming in their last match, New Zealand bowlers rose to the occasion restricting Sri Lanka to 171 in a must-win game. Trent Boult led with 3/37 spell while Mitch Santner did what he does best with a miserly 2/22. With top order firing again, New Zealand had little trouble overhauling the target in 23.2 overs

BABAR & CO. HOPE FOR MORE THAN A MIRACLE

- With the win, New Zealand has ten points and a net run rate of 0.743 well ahead of Pakistan (0.036) and Afghanistan (-0.338)
- Pakistan have to beat England by at least 287 runs batting first and chase down a target of 150 in 3.4 overs to have a chance of moving ahead. If NZ are in semis, they will face India in Mumbai | **P17**

SC asks HCs to set up special bench to track cases against lawmakers

JAISON WILSON @ New Delhi

THE Supreme Court on Thursday directed high courts to set up a special bench to monitor cases against lawmakers for their speedy disposal, saying they have a direct bearing on our political democracy.

It issued a slew of directions to high courts, district judges and special courts hearing matters related to lawmakers since the pendency rates of those cases is unacceptably high. The court directed that criminal cases against members of Parliament, legislative assemblies and legislative councils be given priority and that their trials be not adjourned except for rare and compelling reasons.

As many as 5,175 cases against MPs and MLAs were pending in India as of November, 2022. Of them, 2,116 (42%) were pending for more than five years. "These cases have a direct bearing on our political democracy. Hence, there is a compelling need to make every effort to ensure that these cases are taken up on priority and decided expeditiously, the bench said.

Each high court chief justice was directed to register a suo motu case to monitor early disposal of criminal cases against the lawmakers. The bench said multiple local factors restricted it from framing uniform guidelines for trial courts across the country. It, however, left the responsibility of speedy trial to the high courts. Special courts hearing these cases shall not adjourn them except "for rare and compelling reasons", it said. High courts can seek regular updates on the cases from the principal district and sessions judge.

Winter session in Belagavi from Dec 4

Bengaluru: The Winter session of the state legislature will be held at Suvarna Soudha in Belagavi from December 4, said Law and Parliamentary Affairs Minister H K Patil. Patil told reporters on Thursday that the cabinet has decided to hold the session for ten days.

Panel adopts expel-Moitra report

Resolution approved 6:4; five dissent notes submitted; Oppn MPs call it a kangaroo court

PREETHA NAIR @ New Delhi

IT was all over in two minutes. On Thursday, Vinod Kumar Sonkar, chairman of the Ethics Committee of the Lok Sabha, arrived for the panel's meeting on action against Trinamool Congress MP Mahua Moitra in the cash-for-query controversy 15 minutes late. A resolution was then read out on the adoption of the draft report recommending Moitra's expulsion from Lok Sabha citing her "highly objectionable, unethical, heinous and criminal" actions. It was adopted 6:4. Meeting over.

"No discussion. All decisions were one-sided," BSP's Danish Ali later said, who had voted against the report.

TRINAMOOL SUPPORT

Breaking its silence on charges against Moitra, Trinamool's No 2 Abhishek Banerjee stood by her asking why the panel recommended her expulsion when nothing had been proved so far | **P10**

The six members who supported the resolution were BJP's Aparajita Sarangi, Rajdeep Roy, Sumedhanand Saraswati, Vinod Sonkar, Hemant Godse and suspended Congress MP Preneet Kaur. Danish Ali, Congress's V Vaithilingam, CPM's P R Natarajan, and JD(U)'s Giridhari Yadav opposed the report.

Five opposition MPs submitted dissent notes alleging that the inquiry process was a farce and a "proverbial kangaroo court". The complaint against Moitra has "no merit, is unfounded and without a shred of evidence, and is being used to malign and defame a lady member of the Lok Sabha", said a dissent note, according to sources. The members said that "no documentary evidence" of any cash or kind in bribe, being either given or taken, was provided by the complainant either in the written complaint or at the oral hearing on October 26.

The report will be sent to Lok Sabha Speaker Om Birla for further action. It will be laid on the floor of the House and discussed during the winter session, scheduled to begin from December 4, said P D T Achary, former secretary general of the Lok Sabha. A vote on a government motion for the member's expulsion will follow. The House has to adopt the report to effect Moitra's expulsion, said Achary.

Terming the decision unusual, he pointed out that this is perhaps the first time that the panel has recommended the expulsion of an MP.

Isro's sensors pique NASA's interest

SOVI VIDYADHARAN @ T'Puram

US space agency NASA has evinced interest in buying the indigenously developed high-end sensors used in Chandrayaan-3, according to K V Sriram, director of Isro's Laboratory for Electro-Optics Systems (LEOS).

A crucial 'correction' made by the LEOS-developed Lander Horizontal Velocity Camera (LHVC) just 20 seconds before touchdown ensured that the Vikram lander had a soft landing on the moon's previously unexplored south pole, Sriram said at a webinar organised by the Raman International Optronics Society.

"Chandaryaan-3 calls for a different dimension in terms of development of all sub-systems including sensors, which is unique to ISRO. Now, NASA has come forward saying they are interested in some of the sensors we have used," the LEOS director said.

Sriram added that the US space agency had technically assisted ISRO in its first two moon missions but Chandrayaan-3 was purely an indigenous effort. CONTINUED ON: P5

Appeal filed in Qatar, India gets consular access

EXPRESS NEWS SERVICE
@ New Delhi

THE legal team of the eight former Indian Navy personnel, who have been sentenced to death by a Qatari court last month, has filed an appeal against the verdict, the Ministry of External Affairs said on Thursday. MEA spokesperson Arindam Bagchi said the Indian embassy in Doha received another consular access to the detained Indians on Tuesday and that New Delhi will continue to extend legal and consular support to them.

The eight former Indian Navy personnel were given death sentence by Qatar's Court of First Instance on October 26. India described the ruling as "deeply" shocking and vowed to explore all legal options in the case. "As we have informed earlier, the Court of First Instance of Qatar passed a judgement on October 26 in the case involving eight Indian employees of Al Dahra company," Bagchi said.

"The judgement is confidential... They are now pursuing further legal steps, and an appeal has been filed. We will also remain engaged with the Qatari authorities on this matter," he said.

1st driverless train from China on its way

To arrive next month; Coach shells to be fitted at Kolkata facility; To be run on RV Road-Bommasandra line

S LALITHA @ Bengaluru

FOLLOWING a recent trip by a Bengaluru Metro team to China to expedite the shipment of coaches for Namma Metro, the first fully readied driverless train from the neighbouring country is set to begin its sea voyage to Chennai Port on November 20, and will reach Bengaluru within a month.

The launch of the RV Road-Bommasandra Line (Yellow Line) via Electronics City and Central Silk Board awaits the arrival of this train, which has already missed multiple deadlines.

The Reach-5 elevated line, running 19.15km, is expected to add nearly 1.5 lakh daily commuters to the present average of 7.5 lakh commuters per day on the Metro network. It will have 16 stations with an interchange at Jayadeva Hospital, and a double-decker flyover from Ragigudda to Silk Board.

Bangalore Metro Rail Corporation Limited (BMRCL) Managing Director Anjum Parwez told *The New Indian Express*, "If everthing goes as planned, the first train set will leave China on November 20 to Chennai. After Customs clearance, it will be brought to Bengaluru by road. We are expecting the train to be here on or before December 20. We can begin trials from January 2024 for three months. The April 2024 deadline for Reach-5 will be met after it is okayed by the Commissioner for Metro Rail Safety."

The shells of 12 coaches arrived at Titagarh Wagons near Kolkata 25 days ago, and will have to be fitted with various facilities to ready them into two new trains, Parwez said. "It is a meticulous job and will be completed by March next year," the MD added. This line alone requires seven trains.

Another senior official said the main purpose of the BMRCL's team visit was to check if the train cleared the factory test there so that it could be shipped to India.

"Clearance has been given by BMRCL and the team returned early this week," he said. The earlier deadline given for arrival of the first train was October 16, but was not honoured.

The trains are part of an order placed for 35 train sets, which would be supplied in phases by Titagarh in future.

Stations being completed

On the status of pending works on the line, Parwez said that Jayadeva Station is complete, while the facade work is being done for Central Silk Board Station.

Work on the traction related third rail (which supplies power to run the train) is going on. Some outdoor work in connection with signalling is also in progress. All this would be ready by the time the first train reaches Hebbagodi depot, he said.

Infra min: Suburban Rail is a gamechanger

EXPRESS NEWS SERVICE @Bengaluru

INFRASTRUCTURE Development Minister M B Patil has asked K-RIDE, the nodal agency for implementation of the Bengaluru Suburban Rail Project (BSRP), to expedite the process to carry out the Final Location Survey (FLS) for 452 km of Phase-II of the project.

The FLS is done to thoroughly check the proposed alignment, the upcoming stations, yards and prepare exact drawings. Taking part in a meet at the K-RIDE office on Thursday to launch its bi-monthly newsletter 'Samparka' in the presence of citizens groups and stakeholders, Patil billed BSRP as a gamechanger that will de-congest Bengaluru.

A K-RIDE source told *TNIE*, "We have submitted our request to carry out the FLS to the South Western Railway Zone already. It needs to be approved by the Railway Board."

The second phase will be an extension of the ongoing 148.17-km Phase-I suburban rail network in all directions.

This is the proposed 452-km route: Corridor 1: Devanahalli to Chikkaballapura - 22 km & Chikkaballapura to Kolar - 85 km; Corridor-2: Chikkabavanara to Tumukuru via Dabaspet - 35 km; New Corridor 2A: Chikkabanawara to Magadi - 45 km; Corridor 3: Kengeri to Mysuru via Ramnagara and Mandya - 125 km, Whitefield to Bangarpet - 45 km and Hellalige to Hosur - 23 km; Corridor 4: Rajankunte to Gauribidanur via Doddabllapura - 52 km.

Asked if it would commence after Phase-I is completed, the source said, "Work can be done simultaneously."

CIRCULAR RAIL NETWORK

The South Western Railway has got consent from the Railway Board to carry out a Final Location Survey in connection with a circular rail network for 287 km around the city. General Manager, SWR, Sanjeev Kishore, said, "The objective of the project is to enhance capacity to meet future transportation requirements of Bengaluru. The work of conducting FLS for a circular rail network connecting Nidavanda-Doddaballapur-Devanahalli-Malur-Heelaige-Solur-Nidvanda has been taken up." It aims to identify alignment, station locations, yard plans and other operational requirements, he added.

Minister gets taste of residents' ire

EXPRESS NEWS SERVICE
@Bengaluru

RESIDENTS of Sahakarnagar gheraoed Revenue Minister and Byatarayanapura MLA Krishna Byre Gowda and vented their anger at him as many houses, shops and roads in the area were flooded due to the recent rains in Bengaluru.

On Thursday morning, they expressed their ire against Gowda, who was in the BBMP office in the area, and complained that no action has been taken against the alleged encroachment of the stormwater drain, which according to them blocked the free flow of rainwater and that every time it rains the area is getting flooded. The minister assured them of appropriate action after which the protesting residents calmed down.

"Every time it rains heavily here, there are areas which get flooded. There is a rapid development in the area and the infrastructure is not upgraded in line with that. The shoulder drains that carry the rainwater are clogged with debris, plastic covers, leaves, and branches among other wastes and these are not desilted regularly. As the rainwater cannot drain into them, they find their way into nearby houses and shops," said Venkatesh, a resident.

Protest by garbage collection workers on Nov 15

Workers involved in the collection and transportation of garbage have called for a state-wide protest on November 15 urging the government to fulfil their major demands, including bringing them under the direct payment system and avoiding contract labour. The protest is likely to affect garbage collection as auto-tipper drivers, helpers and loaders will take part. The workers will protest in front of the offices of the district in-charge ministers in every district. AICCTU and the Karnataka State Municipal Corporations, Municipal Councils, Municipalities, Town Panchayat Outsourced Workers' Organisation, have jointly called the protest. In a press meet here on Thursday, the organisation members demanded that the Congress government keep its election promises by bringing all pourakarmikas -- garbage vehicle drivers, helpers, cleaners and loaders and water supply department workers -- under the direct payment system. **ENS**

Direct pvt bus operators to install announcement system: HC to govt

The Karnataka High Court on Thursday suggested to the state government to direct private bus operators to install audio announcement systems in their buses for the benefit of visually challenged persons. The court said the government circular in this regard should also specify fixing the audio announcement systems in existing buses, and include installing such systems as a pre-condition for operators seeking fresh permission. A division bench of Chief Justice Prasanna B Varale and Justice Krishna S Dixit made this suggestion while hearing a public interest litigation filed by N Shreyas, a visually challenged advocate. **ENS**

INTERNSHIP ON SUSTAINABILITY, GREEN JOBS AND GREEN SKILLS

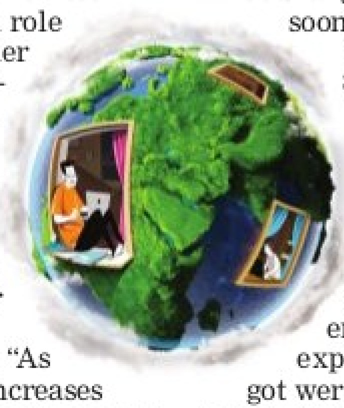
PURAN CHOUDHARY @Bengaluru

STUDYING sustainability and becoming an expert in the subject matter, as various brands look at it as a thriving field, Bengaluru hosted India's first Sustainability Accelerator Internship for top 20 school students from across the country. The objective of a 5-day industry engagement session (November 5-9) was to provide hands-on experience to high school students about green skills, green jobs and a sustainability mindset.

The programme was organised by One Million for One Billion (1M1B), an NGO in partnership with Aditya Birla Fashion and Retail Ltd, and aims to develop India's largest future-ready workforce. Currently, the green economy is booming, and the country's green industry is expected to add 3.7 million jobs by FY25 to the current 18.5 million, according to the Green Industry Outlook report by Team Lease.

"Green skills, simply put, are about placing sustainability at the core of whatever you do," explained Manav Subodh, founder of 1M1B. The internship aims to encourage students to be valuable contributors to climate change and introduce them to how technology can play a role in shaping a greener planet. The students will also be mentored by global leaders to build their prototypes and provide a space to pitch their innovations.

Subodh added, "As the government increases its focus on renewable energy, encouraging sustainable development, and mitigating climate change, we can expect new jobs to emerge that did not exist before, such as sustainability managers, green architects, power engineers, energy managers, circular economy experts, Environmental, Social and Governance (ESG) consultants and more." He explained that industries like textiles, IT, chip manufacturing companies, food and beverage, hospitality and lifestyle companies will need a green workforce soon.



Meghana D, Grade 8, from Harvest International School, was the only individual selected for the internship from Bengaluru. Sharing her experience, she said, "The exposure and skills I got were great. I got to interact with people at the grassroots level. I got to visit villages, see the daily problems faced by the people and observe their struggles." Meghana plans to take up a career in sustainability and work on solutions for an entire community.

10TH November: According to one theory I wrote about recently, our universe is not only bigger than we can imagine, but is one of many, perhaps an infinite number, which occupy the same space but in different dimensions. If that is the case, then, as some ancient sages and teachers thought, that somewhere in this or another universe there are people just like us, doing the things which we are doing!

ARIES
(Mar 21 - Apr. 20)
The Moon's entry into a lively region of your chart could come as a welcome relief. You should feel more in control of home and family affairs than may have been the case in the recent past, although financial matters remain dodgy. It may be a partner who is unreliable, but it might also be your judgement that slides.

TAURUS
(Apr. 21 - May 21)
This is very much a time to behave like a true Taurean - resolute, responsible and keen to retain all that is best from the past. However, please be very aware that at particular moments you will be obliged to compromise. So, you'd better start looking for an escape route.

GEMINI
(May 22 - June 21)
There does seem to be a real chance that the emotional strain of the current times will have an adverse effect on your health. Bearing in mind that astrology deals with prevention rather than cure, don't let this week's irritating stresses and strains get to you.

CANCER
(June 22 - July 23)
Your lunar alignments remind you of the importance of professional activities and ambitions. In some strange way, work may be a means for you to provide yourself with emotional security, or a feeling that you have a genuine role in the world.

LEO
(July 24 - Aug. 23)
A number of long-term commitments may have come under increased scrutiny, but that's no reason to walk away from a responsibility. It may be more useful to you to stick around for a while and see exactly what can be worked out. Partners may be prepared to do more than their fair share - if you ask nicely.

VIRGO
(Aug. 24 - Sept. 23)
Mercury is still exerting a powerful pull over your sign, and will do so for another eight weeks. This is an indication of celestial protection which should see you recover from current battles and pass unscathed through the next two months' worth of ups and downs.

LIBRA
(Sept. 24 - Oct. 23)
Although the celestial relationship between Mars and the Sun is placing you under personal pressure, others are barking up the wrong tree if they imagine they can out-manoeuvre you. Conciliation is the key, but only you have the instinctive sense of what needs to be said - and done.

SCORPIO
(Oct. 24 - Nov. 22)
A family or domestic matter may be settling down, but professional Scorpios are not out of the woods just yet. Remember one piece of vital advice: a good general never starts a battle that can't be won. The struggle you're facing, though, should be a war of words.

SAGITTARIUS
(Nov. 23 - Dec. 22)
Personally and emotionally, things are likely to remain uncertain, partly because others are vacillating and unwilling to make a decent commitment. Even those who do make arrangements are liable to break them! That's why you should keep your options open.

CAPRICORN
(Dec. 23 - Jan. 20)
If you use finances as a bait, you could be taking a big risk. Either other people may accept you at face value, or you may let yourself in for commitments you can't keep. Put home and family first, for it's the people who know you best who will stick by you.

AQUARIUS
(Jan. 21 - Feb. 19)
Venus, planet of love, is approaching a single degree of your solar chart which denotes your relationships. You should therefore feel only optimism for the future, no matter what current events suggest; if you hope for the best then the best is more likely to happen.

PISCES
(Feb. 20 - Mar 20)
Self-knowledge is a Piscean speciality and you have a rare and remarkable understanding of what must be done. Deep down you know that the time has come to sever one particular tie or association and concentrate on another which seems to have more meaning.

Tech handicapped, senior citizens easy prey for cybercrime

RISHITA KHANNA
@ Bengaluru

TECH illiteracy coupled with a sense of isolation, more free time, and a growing curiosity to explore technology has made senior citizens vulnerable to cybercrime.

In a recent case, a senior citizen was defrauded of Rs 5.5 crore under the guise of helping him renew his lapsed insurance premium. In another case reported in the South-East division, a 65-year-old retired man lost Rs 39 lakh to online job fraud.

"Senior citizens are easy to victimise in the trap of cybercrime as they undergo dependency syndrome, which leads them to easily believe strangers," said Bengaluru City Police Commissioner B Dayananda, referring to increasing cybercrime and online scams targeting senior citizens.

> **Senior citizens are easy to victimise in the trap of cybercrime as they undergo dependency syndrome, which leads them to easily believe strangers**
>
> B Dayananda, Bengaluru City Police Commissioner

The commissioner added that senior citizens are 'technically handicapped', which makes them vulnerable to cyber fraud. "Cybercriminals deceive them while offering help with online tasks like shopping or filling out applications. Senior citizens are also extorted via recorded WhatsApp video calls, where they are lured into sexual content. Fearing reputation damage, they often choose payment over reporting to the police," Dayananda said.

Speaking to *TNIE*, Deputy Commissioner of Police (South-East division) CK Baba said senior citizens often experience a technology gap, which motivates them to explore technology to connect with their children or grandchildren. "Additionally, the increased availability of free time leads them to become unwitting victims of cybercrimes, especially online job frauds that expose them to fraudulent messages with malicious attachments."

Cybercriminals target elderly people by impersonating trusted entities like banks, insurance companies and investment firms, taking advantage of their inclination to seek assistance as they feel people associated with these entities to be genuine, the officer said, emphasising that senior citizens use easily guessable passwords and frequently save them on their phones.

"They need to realise that this makes them vulnerable to cyber attacks. Messages with attachments often compromise their data and system, allowing cybercriminals to manipulate this information against the victims by threatening and defrauding them," he said.

Murder, not suicide, shows woman's autopsy report; husband arrested

PRAVEEN KUMAR
@ Bengaluru

The suicide of a 33-year-old woman reported in Parappana Agrahara police station limits has taken a turn, with the postmortem report mentioning that the 'death was due to compression over neck'. The woman's 28-year-old second husband has been arrested for allegedly murdering her and making it look like a suicide. Investigation revealed that he murdered his wife, as she reportedly always quarrelled with him for being close to her friend.

Rajashekar, a construction worker, had allegedly strangled his wife, B Anuradha alias Aleema, to death and later hung the body. After the crime, the accused himself went to the police station and filed a complaint. The police had taken it as a case of unnatural death. After the death of her first husband, Anuradha had married Rajashekar. The couple are parents to a two-month-old baby.

The accused murdered his wife on October 29, and later hung her body in the house located in Nanda Reddy Layout, Kudlu. Following the postmortem, the police registered a murder case on November 6 and picked Rajashekar up for questioning. During interrogation, he confessed to the crime and has been remanded in judicial custody.

"After the death of her first husband, Aleema married Rajashekar and later changed her name to Anuradha. She has two children from her first husband. From her second marriage, she has a two-month-old baby. Both the victim and Rajashekar are from Pavagada and had met there. The accused was close to Anuradha's friend and was always talking to her on the phone. Anuradha, who was irked by her husband's closeness to her friend, kept fighting with him about it. On October 29, she again started fighting with him over the issue, which led to her murder. The accused strangled her using a veil," said an officer.

After Anuradha was found dead, her parents did not want to pursue the matter, giving a clean chit to their son-in-law, the police added. The Parappana Agrahara police have registered a case.

VEERASHAIVA-LINGAYATS REJECT SOCIO-ECONOMIC SURVEY REPORT

Say census data has loopholes, survey not comprehensive; former Backward Classes Commission head says findings not yet public

BANSY KALAPPA @ Bengaluru

AFTER the Vokkaliga Samaj meeting just a few days ago, Veerashaiva-Lingayats held a meeting on the socio-economic survey and Kantharaj Commission findings on Thursday, and said they reject the report.

Veerashaiva-Lingayat leaders, who met under the leadership of Mahasabha president and MLA **Shamanur Shivashankarappa**, said that considering there is information that there are many loopholes in the census data based on socio-economic status, the government should carry out another exercise scientifically, without giving rise to any suspicions. Veerashaiva-Lingayat leaders who held extensive discussions on the Kantharaj Commission report, said it was not carried out comprehensively and there are allegations that the report was put together without visiting many houses. They alleged that the Veerashaiva-Lingayat numbers represented in the report were smaller than the actual numbers, and due to this lapse, the community would face severe consequences.

Former Backward Classes Commission chairman CS Dwarakanath said, "The findings of the report have not been made public, how can anyone find fault with the report and call it unscientific, without the report being tabled, and on mere hearsay.'' Meanwhile, many Backward Caste leaders who have been surprised by this belligerence by the two dominant communities, said they would hold a meeting shortly on the issue.

Meanwhile, intellectuals like Prof S Japhet, who was formerly Bangalore City University VC, and is visiting professor at National Law School of India University, urged the government to bring out the caste census report details.

"The demand for a nationwide caste census is not a recent phenomenon, and has been sporadically made by backward castes, and at the same time, opposed by upper castes, as it would help capture granular data on caste demographics in the country," he said. "This would help the state plan welfare mechanisms so that every community has an equitable share in the country's resources, rather than being cornered by certain privileged castes.''

Survey is not a caste census, says Tangadagi

Even as the dominant Lingayat and Vokkaliga communities are opposing the yet-to-be-released caste census or socio-economic and education survey by the State Backward Classes Commission, Minister for Backward Classes Welfare and Kannada and Culture department Shivaraj Tangadagi said it is not correct to term it a 'caste census'. He told media in Bengaluru that it is not correct to protest against the report without even seeing it. Some communities are protesting against the report that is yet to be submitted, he said, and appealed to those who have seen the report to give details. The report by former Backward Classes Commission chairman H Kantharaju is an educational, economic and social survey done to get details of the educational and economic status of all communities, and it is not correct to call it a caste census, he said. The state government will study the report, he added. Tangadagi said the report was ready during Siddaramaiah's earlier tenure as chief minister, but was not accepted due to technical reasons.

Top brass told DVS not to contest polls: BSY

EXPRESS NEWS SERVICE
@ Bengaluru

A DAY after former chief minister and Bangalore North LS member **DV Sadananda Gowda** bid adieu to electoral politics, former chief minister B S Yediyurappa on Thursday issued a statement, saying Gowda had taken the decision following instructions from the BJP high command to not contest polls any more.

"High command leaders told him (Sadananda Gowda) not to contest polls, following which he took a decision. But he will be active in the party organisation," Yediyurappa told reporters, when asked whether Gowda took the decision as the party is unlikely to field him in the 2024 polls.

Replying to this, Gowda clarified that he took the decision on his own. "I wanted to quit electoral politics after 25 years, during the 2019 Lok Sabha polls, but the high command insisted that I contest the polls," he stated. He maintained that he took the decision in the interest of the party, and paved the way for a new face to contest the 2024 polls.

"The party gave me everything, I should not be too selfish. What remains is how I can contribute to the party," he remarked, adding that his decision six months before the elections will help the new contender. Meanwhile, former DyCM Dr C N Ashwath Narayan said Sadananda Gowda had expressed his wish to quit electoral politics many times, and had now made the decision.

In Hassan on Wednesday, Gowda had announced his decision, saying he was content with the positions given by the party in his 30-year political career, as deputy leader of the opposition in the assembly, party state chief, chief minister, MP and central minister. "I am a beneficiary next only to B S Yediyurappa," he had stated.

It may be recalled that when Gowda went to New Delhi, following an invitation by national president JP Nadda on October 25, the latter was too busy to give him an audience. Instead, he had met Union Minister Dharmendra Pradhan, who is election in-charge of Karnataka.

Nagamohan Das panel to probe ₹500 crore graft in KEONICS during BJP govt: Priyank

EXPRESS NEWS SERVICE

RDPR minister Priyank Kharge addresses a press conference at Vidhana Soudha on Thursday | NAGARAJA GADEKAL

RDPR and IT-BT Minister Priyank Kharge on Thursday alleged that there was corruption to the tune of Rs 500 crore in KEONICS (Karnataka State Electronics Development Corporation Limited) during the previous BJP dispensation, and added that the case will be handed over to the Justice H N Nagamohan Das panel that was set up to probe the 40-per cent commission allegation by the contractors, for inquiry.

"The Accountant General's (AG) office has conducted a detailed audit of the transactions and procurements made by KEONICS during 2019-2023, and 10-15 per cent of the findings have established the irregularities with inflated bills up to 400 per cent being paid to the vendors. I have spoken with Chief Minister Siddaramaiah in this regard, and following a separate audit, we will hand over the case to the Justice Nagamohan Das panel," Priyank told a press conference at Vidhana Soudha.

"Not even a single order has been passed after I became minister with regard to the procurement of the items that the BJP did not have," he said, refuting allegations of bribery against him in exchange for clearing the bills in KEONICS by the BJP.

"They (BJP) did not know while digging a 'khedda' (for him), they have been falling into their own trap. The BJP IT cell is useless as it spreads falsehood on social media, without doing any homework and their MLAs and ex-ministers just follow," he claimed.

While listing out the AG's audit findings, Priyank claimed that in a few instances, third-party evaluation has been fraudulent with the signatures of the concerned being fudged to claim bills to the tune of Rs 9.3 crore, adding that Rs 4.43 crore has been claimed by some vendors without even supplying the goods.

Procurement of goods at a higher rate, without analysing the market rate, resulted in Rs 47.76 crore loss to the exchequer and it is in this regard that the audit had conducted physical inspection of the items in selected districts, he said. To set up computer lab in schools, Rs 24.15 lakh has been paid, as against a market rate of Rs 5 lakh, and it is 474 per cent higher, he stated.

Branding K'taka a global innovation hub priority: CM

EXPRESS NEWS SERVICE
@ Bengaluru

REBUILDING talent to suit the current growing trends, providing better infrastructure facilities, improving ease of doing business, and branding Karnataka as a global innovation hub, are some of the priorities of the state government, said Chief Minister Siddaramaiah.

Speaking after inaugurating the Philips Innovation Campus in Bengaluru, the CM said the government is focused on building a conducive environment and pro-industry policies to attract investment, talent, and opportunities in Karnataka. The CM said the Philips Innovation Campus in Bengaluru plays a crucial role in driving Philips' digital transformation, not only within India but also on a global scale.

He said Karnataka has emerged as a hub for healthcare in India, boasting a robust ecosystem of research institutions, pharmaceutical companies, medical device manufacturers, and healthcare providers. "We want industries to see the state as a hub with an end-to-end ecosystem for innovating and growing their businesses. Our pro-business policies reflect our dedication to simplify regulatory processes," the CM stated.

The Bengaluru Tech Summit, a flagship programme of the state government, has been a key initiative of the state government for the last 25 years, he said, adding that BTS provides a platform to bring together the best minds in technology and innovation.

Farmers held for attempting stir near CM's house

Police detain sugarcane farmers trying to protest near Chief Minister Siddaramaiah's house in Mysuru on Thursday | UDAYASHANKAR S

A GROUP of sugarcane farmers tried to stage a protest in front of Chief Minister Siddaramaiah's residence here on Thursday, demanding a revision in cane prices and wanting payment arrears from sugar factories to be cleared expeditiously. They were, however, arrested.

The police had deployed additional personnel on the roads leading to the CM's residence, where the protesters were arrested, with plans to demonstrate against the government's alleged apathy. There was also some altercation between the farmers and the police.

The policemen failed to give any reason for the arrest, terming it as a precautionary measure. Sugarcane Growers Association president Kurbur Shanthakumar alleged that Siddaramaiah had failed to ensure justice to cane growers, from the sugar factories falling in the Varuna constituency. Accusing the highhandedness of the police, he wondered why the CM was not doing much, when the sugar factories in the rest of the state had paid revised prices, while farmers who wanted to demand the same in Mysuru were arrested.

He said the farmers are not paid an additional Rs 150 per tonne announced by the government the previous year and demanded Rs 3,580 per tonne of sugarcane.

The striking farmers questioned the double standards of the government for giving 24-hour power supply to many industries, while failing to provide even five-hour power to run irrigation pumpsets, as assured by the government, while demanading a further 10 hours for farmers.

The government that declared 220 taluks as drought-hit, did not start relief works like paying compensation and providing drinking water, or fodder to cattle, they alleged.

Around 9,60,000 children will receive subsidies released through welfare funds. Those who are receiving subsidies are all children of unorganised workers. Eighty-three per cent of workers are unorganised even today. He said that apart from the farming community, the second-largest community in the country is the labour class. **ENS**

AAP questions condition of govt school on CM's turf

ENS @ Mysuru

THE AAP has reportedly exposed the pathetic condition of government schools in CM Siddaramaiah's home turf of Mysuru and urged the incharge minister and district administration to take measures to strengthen infrastructure at the institutions. AAP district president Rangaiah questioned, "Why is our ruling class averse to government schools? Is it by design to usurp government land or is it just an irresponsible attitude?

Citing an example, he said, "T Narasipur town's Government Girls High School with 275 children does not have a proper toilet. What about health and hygiene? Kids are scared to walk around the school, much less play there. The roof is damaged and leaks on rainy days. While one government shouts 'Beti Bachao; Beti Padhao' and does nothing for them, another is busy tripping on its own guarantees. They are unable to understand the children's problems," he said, pointing out that this is in the CM's own backyard of Varuna.

Energy dept inks MoU with THDCL

EXPRESS NEWS SERVICE
@Bengaluru

KARNATAKA Power Corporation Limited (KPCL) and Tehri Hydro Development Corporation Limited (THDCL), a Central power generating entity, on Thursday signed an MoU to enable accelerated development of various power projects -- including hydro, solar and pumped storage ones, worth Rs 15,000 crore.

The MoU was signed by Bhupender Gupta, Director, Technical, THDCL, and Gaurav Gupta, Additional Chief Secretary, Energy Department. Energy Minister KJ George said the MoU encompasses the development of a 100 MW floating solar photovoltic plant at Kadra Dam reservoir, establishment of 170 MW of ground-mounted, rooftop solar PV plant on the premises of KPCL plants, and the establishment of 1500 MW of pumped storage plant at Varahi.

George said the MoU was discussed with Union Power Minister RK Singh and CMD of THDCL. "The Union Government has assured that the power generated under this MoU will prioritise the Karnataka government. We also need power to address the state's rising demand. Therefore, we will work towards executing this MoU at the earliest," George added.

The state government through its two undertakings - KPCL and Karnataka Renewable Energy Development Limited (KREDL) - have entered into MoU with THDCL.

"Right now, the task is to prepare Details Project Reports (DPRs), take up the feasibility study and get approvals, for which, THDCL has assured immediate steps," Gupta said.

In addition to the MoU, THDCL has been permitted to self-identify solar and pumped storage projects in Karnataka and approach KPCL to allot these projects through the government. GP member voted under general category can vie for prez, VP in reserved category

BENGALURU: The Karnataka High Court has said when a person is elected under general category to a Gram Panchayat, he/she can at a later point of time contest for the post of president or vice-president in the reserved category so long as that person belongs to such category. Justice Suraj Govindaraj passed the order, while partly allowing a petition by one Chaitra. The court said the reservation made under Section 5 of the Gram Swaraj and Panchayat Raj Act is different from that under Section 44. Therefore, the contest made to the GP in terms of Sec 5 under the general category cannot prevent a person from contesting to the post of president or vice-president in a reserved category under Sec 44, so long as that person belongs to such a reserved category. **ENS**

EXPRESS NEWS SERVICE @ Kolar

TWO minor boys were shot at when they attempted to assault a team of policemen who went to arrest them at Devarayasamudra near Mulbagal on Thursday morning in connection with the murder of a 17-year-old PU college boy in Kolar on November 3.

The team arrested 13 people, including eight minors, Central Range Inspector-General of Police BR Ravikanthe Gowda told reporters here. Sonu alias Srinivas, Prashanth and Udhaya Kumar are among the arrested.

Gowda said the boys, who suffered bullet injuries in their legs, were admitted to hospital. They attempted to assault a police officer and the constables who had cornered them. The policemen shot at the boys in self-defence.

He said that the operation was conducted under the supervision of Kolar Superintendent of Police M Narayana.

An old enmity between the main accused and the college boy over a girl is said to be the reason for the murder.

LHVC played crucial role in Chandrayaan-3

CONTINUED FROM P1

"ABSOLUTELY no support from anybody, except some ground stations in other countries to receive the data," he said.

The LHVC played a crucial role in Chandrayaan-3. Placed on board the Vikram lander, the indigenously developed velocity camera not only clicked the first images of the moon's south pole surface but also proved a life-saver for the entire mission.

"When less than 20 seconds were available, it gave a correction on velocity, which made the touchdown a very soft landing. If the correction was not done, it would have accumulated an error," Sriram added.

Revival unlikely

Sriram said there is little chance of reviving the Vikram lander and Pragyan rover on the Moon's surface given that they have spent three lunar cycles with huge variations in temperature

Mattu Gulla trade picks up as crop enters market

A Mattu Gulla field at Mattu village in Udupi district | EXPRESS

PRAKASH SAMAGA @ Udupi

DISTINCTIVE round shaped and GI-tagged Mattu Gulla, a brinjal variety with unmatchable taste, has entered local markets in large quantities. The trade of Mattu Gulla has picked up as it is made available in most of the vegetable markets across Udupi district and in the neighbouring DK district too.

According to sources in Mattu Gulla Growers' Association, two tonnes of this brinjal variety are being sold in the market on a daily basis.

While less rain, no instances of floods have contributed to increase in the yield this year, the price at Rs 90 per kg is appearing not so rewarding to the growers. During the July month this year, Mattu Gulla was sold at Rs 180 per kg, however more yield was witnessed, supply to the market increased and demand-supply mismatch played their role, bringing down the price. However, the growers have a positive attitude.

Laxman Mattu, a grower in Mattu village, said that the crop has entered Bengaluru and Mumbai markets of late and the supply-demand mismatch will not stay long.

The buyers need to be careful and buy only the authentic Mattu Gulla which will have a sticker of authenticity with the logo reading 'Mattu Gulla Belegarara Sangha'.

Sunil D Bangera, president of Mattu Gulla Growers' Association, said that compared to recent years in the past, the yield is more this year and there is good demand too. Many customers are now aware of its soft pulp and unmatchable taste, so they buy it, he added.

LET US PROHIBIT UNSAFE CRACKERS IN ALL STATES

THE Supreme Court has said restrictions on firecrackers are not exclusive to the Delhi-National Capital Region (NCR), but apply to the entire country. This is most welcome. But its successful implementation remains a huge challenge. There have been several court rulings against firecrackers causing air and noise pollution. Appeals and orders to opt for 'green' firecrackers that do not use harmful compounds have been repeatedly made over the years. But ear-shattering, lungs-burning crackers continue being burst regardless. The Supreme Court observed that although awareness in schools has led to an increasing number of children staying away from harmful firecrackers, it is the adults who are the culprits. Worse, in India firecrackers are not restricted to the festive season. Sports victories, birthdays, weddings, processions and sometimes funerals, too, are celebrated with firecrackers—most of them containing barium compounds, the main villain causing health hazards. This is throughout the year.

Even short-term exposure to chemicals-laden firecrackers is known to cause lung disease, asthma and acute bronchitis. People remain increasingly susceptible to a range of respiratory infections. Those with heart disease exposed to firecracker smoke are at a greater risk of suffering heart attacks and arrhythmias. High-decibel crackers cause distress, not just among humans, but in animals too. The unfortunate death of a horse belonging to Kolkata's mounted police on November 5 should be a grim reminder. The distressed horse died of heart attack after firecrackers were burst outside Kolkata's Eden Gardens to celebrate India's victory over South Africa in the cricket World Cup.

Hazardous firecrackers only worsen the already-poor air pollution in Indian cities. According to a live air quality index (AQI), eight of the ten most polluted cities in the world are in India, with Delhi ranking fourth with an AQI of more than ten times the country's own accepted safe level in recent days. The Karnataka State Pollution Control Board and the GST Council are setting up check-posts along the state border to prevent the entry of hazardous firecrackers. This needs to be emulated by all states. Within the states, the police need to be given more powers to deter people from bursting hazardous crackers.

PURI HERITAGE PROJECT TIMED WELL FOR POLLS

IN January next year, when the country would be in the grip of the promotion surrounding the Ram temple inauguration in Ayodhya, Odisha would be witnessing its own pageant. On January 17, Chief Minister Naveen Patnaik is set to dedicate the Srimandir Parikrama project that entails a complete transformation of the periphery of the Jagannath temple in Puri.

Built at an estimated ₹940 crore, the much-awaited Shri Jagannath Heritage Corridor (SJHC) project seeks to redefine the experience of devotees visiting the 12th century shrine with the installation of new infrastructure that would also provide a perimeter for the structure's safety and security. One of the grandest projects to be announced by the Biju Janata Dal (BJD) government before the 2019 elections, the heritage corridor's unveiling is expected to be a spectacle spanning days, complete with religious rituals in the presence of guests from around the world. The Patnaik government has timed it well to hit the right chord with constituents just months before the general elections. In the heat of the battle between BJD and its principal opponent BJP, it is not lost on anyone that the project will strike at the heart of the saffron party's core socio-political message.

For Puri, it would be a moment of monumental change. The pilgrimage town drew over 21 lakh tourists last year; the number of day visitors, who mostly come from far-flung areas of the country for a glimpse of the Holy Trinity, stood at a staggering 1.5 crore. The SJHC will improve on some key amenities provided to these teeming crores of devotees. The project will also be a promise well kept by Patnaik, who had promised to turn Puri into a world-class heritage city when he set about his Augmentation of Basic Amenities and Development of Heritage and Architecture scheme four years back. At ₹4,224 crore, it encompasses major infrastructure such as new roads, bridges, accommodation for pilgrims, car parking facilities and a redevelopment of some of the ancient structures. The government is also building a new international airport in the seaside town, which could transform the number and types of tourists visiting. By delivering the SJHC in time, it is anyone's guess who would take a leap ahead in the perception battle.

QUICK TAKE

ALLOW PRO-PALESTINE PROTESTS

AFTER Delhi, Assam, Uttar Pradesh and Kashmir, Karnataka has cracked down on citizens peacefully protesting against Israel's genocide of Palestinians. In the latest case, the Bengaluru police arrested 11 people after a complaint by a Cubbon Park walker whose peace was allegedly shattered by a silent vigil of protestors carrying images of watermelons, which has become a proxy for the Palestinian cause after artist Khaled Hourani made it popular. Even London, Berlin and Washington have allowed tens of thousands of people to protest despite the initial reluctance of their governments. The right to peacefully protest should be guarded with zeal in any democracy.

India's position on Israel's war has confused the world. We have tied ourselves in knots trying to balance the two sides' concerns. Ireland has struck a better balance

LACK OF MORAL CLARITY IN INDIA'S STANCE

SHASHI THAROOR

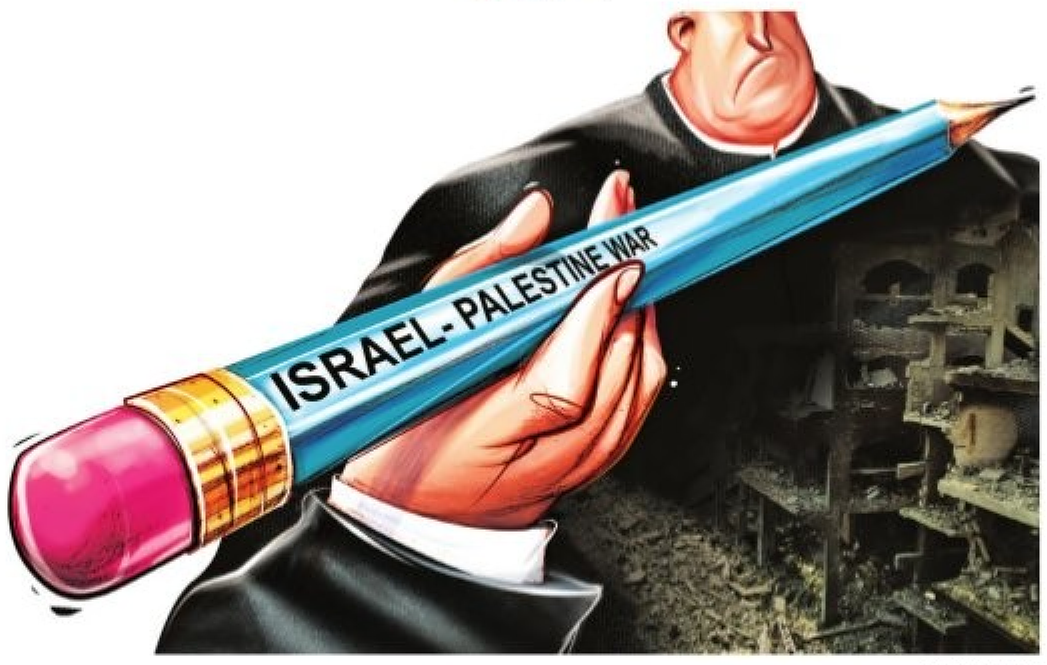
Third-term MP from Thiruvananthapuram and the Sahitya Akademi winning author of 24 books, most recently *Ambedkar: A Life*

THE October 7 terror attacks by Hamas militants, which killed 1,400 Israelis and abducted 200 more, broke open a long stalemate in the 75-year-old Palestine crisis. The subsequent military reaction of the Israeli state has involved relentless and bloody bombardment of Gaza, with much of the territory reduced to rubble, Palestinian homes, schools, hospitals and refugee camps damaged or destroyed, near-total power and communications blackouts, over 1.4 million people displaced and over 10,000 killed, including a mind-numbing 4,000 children.

At a time when many nations, including some of Israel's closest allies, have urged Tel Aviv to cease the lethal assault and allow for a humanitarian ceasefire that would allow precious relief to reach those affected, India's position has been, to put it mildly, confused. It has departed starkly from its historical position as a voice of restraint and displayed a dismaying absence of moral clarity.

Let's take stock of the government's response so far. Soon after the first attacks by Hamas, Prime Minister Modi issued a statement of unqualified support to Israel, tweeting that India stood in "solidarity with Israel in this difficult hour". A second tweet soon followed in similar vein. At one level, this was understandable: as a victim of cross-border terrorism itself, India could not possibly condone terror. But it was incomplete, since it made no mention of the rights of the Palestinian people suffering a dehumanising and suffocating Israeli occupation, nor did it reiterate India's traditional emphasis on the rights of both Israelis and Palestinians to live in dignity and security behind secure borders, in their own lands.

When Israel's war of retribution started, the silence of the PM and his government's reluctance to issue a similar statement of support for the beleaguered people of Palestine marked a departure from our historical commitment to the two-state solution for Israel and Palestine. It was only later that the foreign ministry, in a press briefing, took corrective action and voiced support for the "resumption of direct negotiations towards establishing a sovereign, independent and viable state of Palestine, living within secure and recognised borders, side by side at peace with Israel". But this dissonance within the Indian stand would only get worse.



SOUMYADIP SINHA

When the UN General Assembly voted by an overwhelming majority to call for an "immediate, durable and sustainable humanitarian truce", India chose to abstain on the grounds that the resolution failed to condemn the October 7 attacks. But several other countries including France—historically an ally of Israel—had voted for the resolution while deploring its failure to condemn terrorism in a speech explaining their vote. India could easily have done the same. But the land of Mahatma Gandhi, the apostle of peace, failed to vote *for* a ceasefire, implicitly condoning the continued blood-letting.

Only a few days earlier, PM Modi had spoken with Palestinian President Mahmoud Abbas to convey his condolences for the loss of innocent lives at the bombing of the Al-Ahli hospital. Though Abbas is in Ramallah and has no control over Gaza, since he heads the Fatah faction of the Palestine Liberation Organisation (PLO) to which Hamas is unalterably opposed, Modi no doubt believed this would redress the balance that had been disturbed by his uncritical support for Israel. India then announced Modi had "reiterated India's longstanding principled position on the Israel-Palestine issue". To make India's muddled position even more puzzling, the PM, who has made no secret of his close friendship with Israeli PM Netanyahu, began this week with a telephone call to the president of Iran, Hamas's principal backer. Since Hamas is Israel's sworn enemy and Abbas's rival, this completed the circle of confusion on India's stance.

While the Indian government, which was one of the first to recognise the Palestinian state in 1988, and the first non-Arab state to recognise the PLO in 1974, appears to have tied itself into knots on Gaza, an instructive comparison comes from Ireland. Though a European state, Ireland sees itself as a former colony of Britain, well-versed in both the pillage of imperial rule as well as the destructive forces of sectarian conflict, just as India is. For these reasons, Ireland's position could easily have been India's. The Irish half-Indian Taoiseach (Prime Minister), Leo Varadkar, while accepting Israel's right to defend itself, balanced his solidarity with an essential qualification: "...but Israel doesn't have the right to do wrong".

In keeping with Ireland's longstanding support for the Palestinian cause—including as the first EU member to endorse the establishment of a Palestinian state—Ireland has distinguished itself from the rest of the EU by going farther than the EU's call for a "humanitarian pause" and demanding a permanent and sustainable ceasefire. And it voted in favour of the UN resolution. As commentators have pointed out, its solidarity with the Palestinian people can be partly explained through the prism of the nation's own lived experience, its familiarity with the dehumanisation imposed by occupation being the foremost. But in balancing those historical realities with recognition of the justifiable anguish within Israel, Ireland has managed to both stay consistent with the moral values on the larger question of the Israel-Palestine relationship, while also condemning the destructive force of violence emanating from both sides of the conflict. Ireland's stand could so easily have been India's, had Modi possessed the moral clarity of Varadkar.

The contrast between Ireland's stand and the India's uncertain dithering is stark. The supporters of the ruling dispensation have interpreted our statements as licence to further vilify Muslims at home and abroad, in line with the majoritarian triumphalism that has hijacked the Indian polity. This is all the more a pity given that we are among a handful of countries with ambassadors in both Ramallah and Tel Aviv, and might have been in a uniquely favourable position to work for peace as a result of the credibility we enjoyed on both sides. Right now, though, we have done just enough to leave everyone in doubt about what we really believe in. As one westerner, looking at our behaviour on both Ukraine and Gaza, asked me bluntly: "Why does your government even want a seat on the Security Council if it abstains on the hard choices on every issue?"

WHY PLASTICS POLLUTION NEEDS TO BE CHECKED NOW

K N NINAN

Lead Author, Global Environment Outlook-7, UNEP

PLASTIC pollution has emerged as a major threat to human and natural ecosystems. According to a United Nations report, the world is producing around 430 million tonnes of plastics every year of which two-thirds are for short-term use. The production and consumption of plastic products have grown exponentially since the 1950s. A 2022 report by the Organisation for Economic Co-operation and Development (OECD), titled 'Global Plastics Outlook: Policy Scenarios to 2060', states that if the present trends persist global plastic production will triple and exceed 1 billion tonnes by the year 2060.

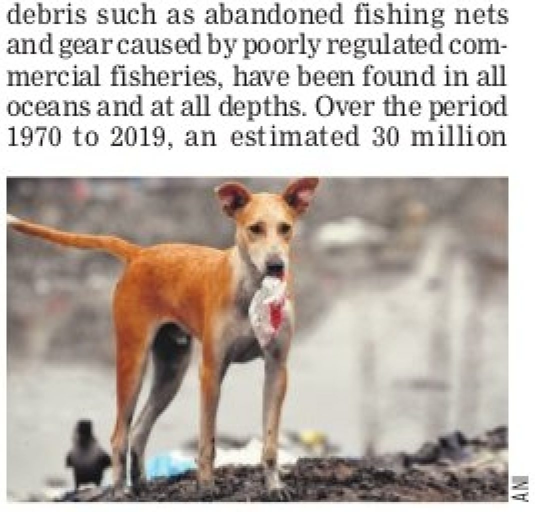
About 350 million tonnes of plastic waste are generated every year of which less than 10 percent is recycled, about 15 percent is incinerated while the remaining is dumped in landfills or littered on land, rivers, lakes, and the oceans. This has led to adverse economic, social, environmental and health impacts. Plastics can take up to 500 years or more to decompose and emit harmful pollutants that degrade the environment and are harmful to humans, and animals including livestock, aquatic, and marine life. Plastic waste dumped in soils affect soil quality, soil biodiversity, and groundwater aquifers. Cases of wild animals, birds and cattle dying due to the ingestion of microplastics are not uncommon. A news report in 2017 stated that about a thousand cows die every year in Lucknow alone from ingesting plastic and other waste.

Traces of microplastics have been found in breast milk, tap water and the bloodstream of humans. A study conducted in 2017 found that 83 percent of tap water samples from around the world contained plastic pollutants. The study found the contamination rate of tap water with microplastics to be the highest (94 percent) in the US, followed by Lebanon and India.

According to the study, people may be ingesting 3,000-4,000 microparticles of plastics through their tap water every year. A study conducted by Environment International in 2022 found the presence of microplastics in 80 percent of the blood test samples of the surveyed population.

Renowned environmentalist David Attenborough suggests that between 400,000 and a million people die every year due to plastic pollution especially in developing countries due to poor management of plastic and other waste.

It is estimated that 11 million tonnes of plastics enter the oceans every year and this is projected to triple in the next two decades. Plastic waste, apart from other debris such as abandoned fishing nets and gear caused by poorly regulated commercial fisheries, have been found in all oceans and at all depths. Over the period 1970 to 2019, an estimated 30 million tonnes of plastic waste have accumulated in the oceans while over 100 million tonnes have accumulated in rivers and lakes. Plastics account for 85 percent of marine litter and have aggravated marine pollution and affected marine species and coastal activities.



ANI

Less than a tenth of all plastic waste is recycled today. Animals and humans ingest microplastics all the time. Traces have been found in our soil, water, blood and even breast milk

Experts suggest that around 100,000 marine mammals such as whales, dolphins, seals, and turtles die every year due to marine plastic pollution. Every year about a million sea birds die due to ingestion of microplastics or getting entangled in plastic debris. Some studies even suggest that by the year 2050, we may find more plastics in the seas than fish.

According to a 2023 report by the UN Environment Programme (UNEP) on 'Turning off the tap: How the world can end plastic pollution and create a circular economy', the annual social and environmental costs of plastic pollution are estimated to range $300-600 billion a year, with some suggesting it to be still higher at around $1.5 trillion a year.

Plastic pollution will also contribute to global warming. The UNEP report states that under a business-as-usual scenario, plastics will contribute about 19 percent of greenhouse gas emissions by 2040. The adverse costs and impacts of plastic pollution will fall disproportionately on the poor.

To tackle the crisis, the UNEP report has proposed a systematic approach of relying on the well-known 3R strategy—reuse, recycle and reorient—plus diversify and tackle the legacy of such pollution. The report states that these measures could lead to an 80 percent reduction in plastic pollution and a net increase of 700,000 jobs by 2040.

It will create new opportunities in the informal sector as well as encourage innovation. Apart from reducing the annual greenhouse gas emissions by 0.5 gigatonnes of carbon-dioxide-equivalent, it could lead to a $1.3 trillion in savings in direct public and private costs between 2021 and 2040, and avoid $3.3 trillion of environment and social costs due to plastic pollution.

The OECD report suggests a host of measures to tackle the adverse environmental impacts of plastic use and encourage a circular economy. These include raising taxes on plastics and plastic packaging; giving incentives to reuse and repair plastic items; mandating targets for recycled content in new plastic products; providing extended producer responsibility schemes; improving waste management infrastructure and hiking litter collection rates.

Although most countries in the world, including India, have banned the manufacture and use of single-use plastics, this addresses only a fraction of the problem. The fifth UN Environment Assembly, which met in Nairobi in March 2022, resolved to enact a legally binding global plastics treaty by 2024 to tackle the crisis—this was endorsed by all the 193 member countries. This will, hopefully, move us on the path to a zero-pollution world sought to be achieved by 2050.

Concern over political situation, rising China presence; US envoy to Dhaka flies to New Delhi

YESHI SELI @ New Delhi

The US has been reiterating that there should be free and fair elections in Bangladesh, which is in debt due to loans it needs to repay to China | FILE PHOTO

ONE of the focus areas of talks between India and the US on the sidelines of the ministerial 2+2 meeting on November 10 (Friday) will be on Bangladesh. US Ambassador to Bangladesh, Peter D Haas, has flown into Delhi ahead of US Secretary of State Antony Blinken's arrival. Haas is likely to update the Indian and US sides on where things stand for them in Bangladesh.

"China's increasing influence in Bangladesh, and shared concerns about having a democratic country with political stability, is something that both India and the US want. The upcoming elections in Bangladesh in 2024 are of immense interest and concern," according to a source.

The US has been reiterating that there should be free and fair elections in Bangladesh, which is in debt due to loans it needs to repay to China under its Belt and Road Initiative. The local population in Bangladesh has a pro-China tilt. Besides, the present PM, Sheikh Hasina, has an anti-incumbency wave against her, which includes charges of money laundering.

China's increasing influence in the neighbourhood will add to India's woes. After Mohammed Muizzu (who is pro-China) won elections in Maldives, India has lost its stronghold in the island nation. Having a similar situation in the neighbourhood would further weaken India's clout.

"The increasing US interest in Bangladesh is due to its increased interest in the Indo-Pacific, primarily to counter China's increasing influence. The US has expressed interest in capacity building in Bangladesh, which includes defence and economic collaborations and investment," says a source. The upcoming elections in Bangladesh are therefore significant, and the US has been continuously building a narrative around how imperative it is to have free and fair elections.

It should be noted that the US had imposed sanctions in Bangladesh in 2021 over human rights issues. In January this year, a Russian ship, Ursa Major, carrying goods for Bangladesh's nuclear power plant in Rooppur, was prevented from berthing at the Mongla Port as the ship was under sanctions. Meanwhile, in the past few years, China has developed Bangladesh's first submarine base worth $1.2 billion at Pekua in Cox's Bazaar district of Chittagong.

This was inaugurated in March 2023. It is built with the capacity to dock 6 submarines and eight warships simultaneously as a part of Bangladesh's 'Forced Goal 2030' to expand and modernise the country's defence. Though details of the session on Bangladesh are unlikely to be made public, it will be a focus area for both India and the US when the four ministers (Anthony Blinken, Lloyd Austin, Dr Jaishankar, and Rajnath Singh) meet on Friday for the 2+2 meeting.

India, US share interests in Bangladesh

China's increasing influence in the neighbourhood will add to India's woes. After Mohammed Muizzu won elections in Maldives, India has lost its stronghold in the island nation. Having a similar situation in the neighbourhood would further weaken India's clout. The increasing US interest in Bangladesh is due to its increased interest in the Indo-Pacific, primarily to counter China's increasing influence.

Indo-Nepal border forces decide to tighten security

MAYANK SINGH @ New Delhi

The 7th coordination meeting being held between heads of Sashastra Seema Bal and Armed Police Force of Nepal, in New Delhi on Thursday | X

IN a step to bolster security efforts along the borders, India and Nepal on Thursday agreed to strengthen coordination and collaboration between Sashastra Seema Bal (SSB) and Nepal's Armed Police Force (APF).

"The two sides emphasized curbing trans-border crimes, smuggling of arms and ammunition as well as combating human trafficking across the open and unfenced border," said the SSB public relations officer.

The decision was taken during the 7th annual coordination meeting between SSB director general Rashmi Shukla and APF inspector general Raju Aryal, which concluded here. Deliberations during the meeting focused on the security scenario along the border.

The Indian delegation, led by Shukla, included officials from SSB and ministries of home affairs and external affairs. The Nepalese delegation, led by Aryal, included representatives from APF, Nepal Police, the National Investigation Department, and the Embassy of Nepal in Delhi.

The help desks established by both APF and SSB at major transit points along the border will remain operational to facilitate the movement of citizens from both nations, particularly during festive seasons, said the public relations officer.

There was consensus on expanding the exchange programmes and exposure visits between both the forces as part of mutual capacity-building efforts, he added.

Calling the meeting good, Nihar Nayak, a research fellow at India's premier think tank Manohar Parrikar Institute for Defence Studies and Analyses, said the forces need to do more.

"These meetings are good for both the countries. This helps better understanding and coordination in border management. Unfortunately, the two sides have consistently failed to curb illegal trading, smuggling and harassment of common people while crossing the border," said Nayak.

The next coordination meeting is scheduled in Nepal next year.

Abhishek breaks silence, questions panel's move on Mahua's expulsion

PRONAB MONDAL @ Kolkata

The ethics panel's recommendation shows that if someone wants to question the government or the Adanis, an attempt is made to remove them from the post of MP

Abhishek Banerjee,
TMC national general secretary

IN his first public response to the cash-for-question allegation against Mahua Moitra and the subsequent recommendation for her expulsion by the Lok Sabha Ethics Committee, Abhishek Banerjee, Trinamool Congress' second-in-command, broke his silence on Thursday.

"What I read in the ethics committee report is that they have recommended an investigation against her. If there's nothing against Mahua and it's the subject of investigation, then why recommend expulsion?" Banerjee asked.

After emerging from the Enforcement Directorate's office in Salt Lake, where he was summoned in connection with alleged recruitment irregularities in state-aided schools, Banerjee criticised the committee's call for Moitra's expulsion based on an ongoing probe.

Accusing the BJP of playing political cards, Banerjee, who is TMC's national general secretary and Chief Minister Mamata Banerjee's nephew, also lambasted the party for selective targeting. "The ethics panel's recommendation shows that if someone wants to question the government or the Adanis, an attempt is made to remove them from the post of MP. How can action be taken against someone without anything being proved?" he asked.

Citing impeachment motions against BJP MPs, Banerjee referred to communal remarks directed at BSP MP Danish Ali. "Nothing happened to Ramesh Bidhuri after his remarks. Only when somebody speaks against the government, questions are raised," Banerjee added.

Bihar Assembly clears bill to hike reservation quota from 50% to 65%

RAMASHANKAR @ Patna

BIHAR assembly on Thursday unanimously passed a Bill to hike reservations for Scheduled Castes (SC), Scheduled Tribes (ST), Other Backward Classes (OBC) and Extremely Backward Classes (EBC) in government jobs and educational institutions from 50 per cent to 65.

The legislation, named the Bihar Reservation Amendment Bill, will be sent to governor Rajendra Vishwanath Arlekar for approval.

The amendments to the existing reservation quota were passed amid an uproar in the assembly by the opposition over Chief Minister Nitish Kumar's statement on women's education and population control. It evoked nationwide condemnation, which made Nitish apologise later.

Bihar government last month released the report of the caste census it had conducted in the state, which claimed the population of reserved category is over 84 per cent. The report is the first of its kind since 1931, when the last caste census was conducted and released.

Currently, the reservation for EBCs is 18 per cent, 12 for OBCs, 16 for SCs and one for STs.

According to the Bill, people fromOBCs and EBCs will now be entitled to get 18 and 25 per cent, respectively. This will bring significant changes in reservations for OBCs and EBCs, who used to get 30 per cent combined. After the governor's nod, they will be entitled to 43 per cent (combined) in state government jobs and higher education.

Similarly, reservation for SCs has been proposed at 20 per cent from 16 earlier, while doubling the reservation for STs from one to two per cent.

However, the three per cent reservation for women from Backward Classes has been scrapped. The Bill also excludes 10 per cent reservation for Economically Weaker Sections.

While addressing the House, the Bihar Chief Minister said the total quota will now be 75 per cent in state jobs and education. "Only 25 per cent of seats will remain free," he stated.

"The survey has provided us with comprehensive data. We will use it to introduce more measures to uplift the socially, educationally and economically backward sections of society. I will be glad if the Centre, too, agrees to a caste census and hike reservations across the country," Kumar added.

On Tuesday, the government tabled the caste-based survey report, which evoked sharp reactions from Opposition BJP. A couple of hours later, the Chief Minister proposed an amendment to the reservation quota at a meeting of the cabinet, which was approved.

Speaking in the assembly, Nitish raised the demand for special status for Bihar to advance the state's development.

As BJP members supported the Bill, the Chief Minister said, "Now you people should plead before the Central government to accord special status for Bihar."

Legislation to bring significant changes

According to the Bill, people from OBCs and EBCs will be entitled to get 18 and 25 per cent, respectively. This will bring significant changes in reservations for OBCs and EBCs, who used to get 30 per cent combined. Similarly, reservation for SCs has been proposed at 20 per cent from 16 of earlier, while doubling the ST reservation from 1 to 2 per cent. Currently, the EBCs had 18 per cent, OBCs 12, SCs 16 and STs 1.

India says Australia lacks locus standi to charge former ambassador

YESHI SELI @ New Delhi

Any grievance that she (the India-based service staff of the High Commission) may have has to be suitably redressed only in India

Arindam Bagchi,
EAM spokesperson

AN Indian woman had made allegations against the country's former ambassador to Australia, saying she was underpaid. However, the Ministry of External Affairs (MEA) has refuted her allegations.

"A service staff of the High Commission of India in Canberra willfully deserted her post in May 2016, a day before her scheduled return to India. She was holding an official passport and Australian diplomatic visa. Since then, we have repeatedly requested Australian authorities to locate and repatriate her to India," said MEA spokesperson Arindam Bagchi on Thursday.

The MEA said it had learnt that she has made allegations against the then high commissioner, and an ex-parte judgment has now been issued by an Australian court.

"Let me reiterate that we reject any locus standi of Australian authorities to adjudicate on matters concerning the India-based service staff of the High Commission. Any grievance that she may have has to be suitably redressed only in India," Bagchi added.

Her conduct and false representations give rise to suspicions that all this have been motivated by her desire to permanently stay in Australia, and in which she seems to have succeeded.

"We are also concerned by the ex-parte court judgment. We are taking up the matter with Australian authorities. We would urge Australia to uphold its obligations under the Vienna Convention on Diplomatic Relations, particularly in relation to diplomatic immunities and privileges," the MEA said.

AUTHOR: PAK MILITARY MAY BE UNPOPULAR, BUT NOT WEAK

BALA CHAUHAN @Bengaluru

THE Pakistan military may have become "less popular but not weak," said Ayesha Siddiqa, author and senior research fellow, King's College, London, on the "perception" in India that there's something about to change in Pakistan, especially where the military is concerned. "This is not true," she added.

In her talk on 'Pakistan's Military: Internal and External Affairs' in the city organised by the Takshashila Institution, Siddiqa delved deep into the past and current state of affairs in her country with focus on its politics, economic condition and relations with China, the United States and India and the role of Pakistan army. "There is a lot of unhappiness with the military dominated establishment, but the elite work hand in hand with the establishment. A part of the society realises that if they can't beat them (army) they must join them. In 1971, we had lost the war to India, but I remember the fanfare that was around the army. That popularity has definitely diminished today but that doesn't mean that people don't want to join the armed forces," she said.

Regarding the hold of the Pakistan army on the country's politics, the ouster of former prime minister Imran Khan was a "major event," she added. Siddiqa said Khan had brought a narrative of new promise when he came to power in August 2018 and the younger generation had pinned a lot of hope of a new Pakistan on him.

"He was failing. The economy was already on the back foot with sky rocketing fuel prices, but he was smart and knew what would sell and make people excited. This is why he delayed the signing of an agreement with the IMF (International Monetary Fund). After his ouster there were shock waves in Pakistan and people realised that the military will not allow things to change in the country and that it has done much harm to Pakistan than good," said Siddiqa. The author underscored the role of the military in the return of former prime minister and leader of Pakistan Muslim League Nawaz Sharif to the country despite serious corruption charges, on the eve of the forthcoming general elections on February 8, 2024. "They (Pak army) removed one leader (Khan) and got Sharif back. But to win elections, one has to win Punjab, which is the heart of Pakistan," she added. Besides PTI, PMLN has a base in Punjab.

On the Pak-US relationship, Siddiqa said her country's relationship with the US has gone through critical stuff, which undermines the military because it has stopped international rents.

HAL, Airbus ink deal to set up repair facility at Nashik

EXPRESS NEWS SERVICE @ New Delhi

HINDUSTAN Aeronautics Limited (HAL) and Airbus on Thursday signed a contract for establishing Maintenance, Repair and Overhaul (MRO) facilities for Airbus-320 (A-320) family of aircraft during a function in Bengaluru.

"This collaboration with the largest European aircraft manufacturing company will strengthen the Make-in-India mission by achieving self-reliance in the aircraft MRO industry in India," HAL said in a statement.

HAL intends to establish an integrated MRO service in India and seeks to provide commercial airlines with a one-stop MRO solution.

Elaborating further on the collaboration, HAL said, "Airbus will supply the A320 family tool package and offer specialised consulting services to HAL to establish MRO facility for A-320 family of aircraft. The partnership between HAL and Airbus will support the growing demand for MRO services in the country and expand the commercial fleet, especially the A320 family of aircraft."

"HAL wants to establish an integrated MRO hub in the country and provide the airlines with an effective MRO solution. This step by HAL is also aligned to civil-military convergence and the Make-in-India mission of the Central government," said Saket Chaturvedi, CEO (MiG Complex), HAL.

According to Rémi Maillard, president and managing director of Airbus India and South Asia, the company is committed to growing the aviation ecosystem in India and development of a strong MRO infrastructure is a key element of this ecosystem.

Once established, the facility will be a one-of-its-kind in the country. The HAL-Airbus collaboration envisages substantial reduction in lead time, improved turnaround time and reduction in MRO costs, thereby increasing availability of the fleet for flight operations.

The MRO facility for the A-320 aircraft family would be established and be ready for aircraft induction by November 2024, with approval from Directorate General of Civil Aviation.

In future, this Nashik facility will also be available for the entire Asian region after obtaining the approval of European Union Aviation Safety Agency in partnership with Airbus.

Under the agreement, Airbus will also offer HAL access to AirbusWorld, a digital platform that offers support, technical data and training solutions.

Airbus began as a consortium of aircraft makers called Airbus Industries. Later, in 2001, it became a joint-stock company. It was owned by European Aeronautic Defence and Space Company (EADS) (80 per cent) and BAE Systems (20 per cent). BAE sold its part of the company to EADS in October 2006, so EADS now completely owns the company.

In terms of size, Boeing 747, the 'Queen of the Skies', dominated for decades. Airbus took it head-on first by making an even larger plane, the double-decker A-380. Both planes were quad-jets designed for long-haul, high-volume flights where getting the cost per seat mile as low as possible was the goal.

Air India operates a fleet of Airbus and Boeing aircraft, serving 102 domestic and international destinations. The airline has its hub at Indira Gandhi International Airport, New Delhi, alongside several focus cities across India.

INTERNET BAN

The Manipur government on Thursday extended the mobile internet ban across the state by five more days till November 13, officials said. The ban, however, will not be enforced in the four hill district headquarters.

In heart of Bhopal, a 'basti' of voters with no facilities

RAJESH KUMAR THAKUR
@Bhopal

A mere walk across Shyamnagar in the heart of Madhya Pradesh's capital would tell you there is a 'basti' of voters who have got nothing in exchange for voting for years. Tarakki (development) and taqdeer (fate) refuse to turn their way, they say.

The over 2,000 Scheduled Caste (ST)/ Scheduled Tribes (SCs) who have migrated from tribal and remote areas of Madhya Pradesh live only for money or food. And perhaps, voting.

Dozens of malnourished and semi-nude children would look at you with one expectation: "Bhaiya kuch khanei ko do ya paisa" (give us something to eat or money)".

Sitting near an empty iron pillar where a government official comes once in a year to unfurl the Tricolour, Shamuni Devi, 55, coughs and heaves heavily: "40 salo se aajtak ham log takdir ke mare aur vikas se koso dur ek narak jaisa jivan ji rahe hai. Koi nahi ata yanha ham logo ke liy (for 40 years, we've been living a hellish life – flogged by fate and deprived of development…no one comes here)."

The Shyamnagar area is located about 100 metres from a row of high-rise buildings. "Do they ever look at us as human beings? They do come here like politicians," remarks Mithun Dhurvey. He, like many others, doesn't have jobs and spends time either playing cards or begging.

Maheshwari Yeri migrated to Shyamnagar as a labourer from Vidisha decades ago. "We would been dead, had there been no free ration," he said, adding that most youth surviving as rag pickers or by sweeping in nearby houses or shops are becoming drug and liquor addicted.

"Almost all women and children in this area is malnourished. There is no health checkup centre or a community centre," says Rupa Bai, 55. Yet most inhabitants have voter I-cards and they say they vote in every election. " But don't get anything in return… no school, no health centre and no power connection," says Monu, visibly drunk.

The government has allowed the construction of five new blocks comprising one-room flats for the slum residents. However, none of these five blocks is ready. The construction work stopped after the contractor ran away, according to the residents.

Their belief in god remains. "Our kuldevi ancestral deity) saves us. In corona no one here died," said one of them.

Maheshwar Yuri, who is the only class 6th pass resident, says the government should recognise them as human beings and make caste certificates for them.

"With a caste certificate, our children would get government benefits," says Maheshwar.

Rehman Khan, who runs a small shop at the entry of this pocket, says the residents get only free ration; there are no other facilities.

'Decisions in BJP taken collectively'

Shivraj Singh Chouhan rules out anti-incumbency, says development main poll plank

BJP's longest serving chief minister **Shivraj Singh Chouhan** is confident of retaining power in Madhya Pradesh, notwithstanding anti-incumbency against his government. Chouhan speaks with **Anuraag Singh** on a range of issues — the party naming MPs and Union ministers as candidates in assembly polls and the possibility of his entry into national politics. **Excerpts:**

In 2018, the BJP fell short of a majority. What gives you the confidence this time that despite 19 years of anti-incumbency, the party will form its government in MP?

The 2018 polls were different. While the BJP fought the polls on the agenda of development, the Congress spread lies and deception. The Congress had made 900-plus promises, but fulfilled none of them in its 15-month stint in power. It also stopped the welfare schemes initiated by our government.

There is no anti-incumbency this time; we're into the polls on the basis of development works done by us.

While BJP accuses Congress and others of freebies-based politics, your government is banking on the Ladli Behana Yojana. What makes the scheme different?

There is a difference between freebies and fulfilling the people's needs. Working on the principle of Antyodaya, BJP not only fulfils the most important needs of people through immediate help, but also gives them other facilities, including ration, houses and health through different schemes.

Owing to our policies being focused on public welfare, 1.36 crore people in the state have come out of poverty in a few years. We're focusing on creating jobs through Seekho Kamao Yojana (learn & earn scheme).

The Ladli Behna Yojana has brought positive changes in the lives of women, many of whom have used the sum for self-employment, like buying sewing machines or opening shops.

Your government embarked on building temple corridors, from Mahakol Lok in Ujjain to Vanvasi Ram Lok in Chitrakoot. What are the benefits of these Loks?

Renovating the important centres of our faith will benefits all. Tourism and employment will be enhanced, which will boost the state's economy. The creation of temple corridors will not just benefit Hindus. Other sections too will be equally benefitted. These Loks are being developed to generate jobs as well as create self-employment.

Congress leaders allege 250 scams in 225 months of the BJP rule in MP. Kamal Nath has accused your government of turning MP into 'Chaupat Pradesh'…

Every time Priyanka Gandhi Vadra comes to MP, she opens a new shop of lies. She spoke in an election meeting about our government providing only 21 jobs in three years. But the truth is that I've given appointment letters to over 50,000 youngsters. Kamal Nath, on the other hand, defames the country as well as the state. In his 15-month rule, he closed the previous BJP government's people-centric schemes. Why doesn't Priyanka Gandhi Vadra speak against Rajasthan, which is ahead of others in crime against women?

You have been the BJP's face since 2008 in every Assembly poll in the state. But this time, the party has not projected any CM face. Besides , three Union ministers and party national general secretary Kailash Vijayvargiya are in the fray, fueling speculation about the race for CM's post…

Unlike Congress where one family makes all decisions, the BJP believes in collective decision-making. Modi is our guide. We are the dedicated soldiers. Only the BJP leadership can take such a decision.

Since the elections are being fought in PM Modi's name in MP, Chhattisgarh and Rajasthan, don't you think the results for BJP will also be a referendum of sorts on his popularity ahead of Lok Sabha polls?

Undoubtedly PM Modi is a global leader under whose leadership the country has emerged prosperous and powerful. He is the pride of every Indian.

What will be the five top priorities for the party if the BJP returns to power?

Development is most important for us. Along with it we've to link the youths to jobs and self-employment. We've to also make our daughters and sisters self-dependent. Healthcare and education, too, are of priority along with increasing the income of farmers.

Like Congress, your party, too, is facing a lot of rebellion. In 2018 polls also, BJP rebels played a key role in the party's defeat.

There is no rebellion in the BJP, as it's a cadre-based party. All decisions in the BJP are taken collectively.

Smaller parties like SP, BSP, AAP may make the contests multi-cornered. How do you see the development?

The BJP doesn't need any alliance, as the love and blessings of the people will help us retain power with majority.

You're the longest serving BJP CM in the country. Is Shivraj Singh Chouhan ready to shift to national politics?

I'm fortunate that the party has given me enough opportunity to serve the state. Serving the people is the main objective of my life. It's my duty to fulfill whatever responsibility is given to me..

Shinde eyeing Maratha community

Maharashtra Chief Minister **Eknath Shinde** is seeking to emerge as a "Maratha leader" by resolving the long pending reservation demand by the community. Recently, pro-Maratha activist Manoj Jarange Patil ended his indefinite fast—for the second time—after the government asked for time till January 2 to meet the demand. According to sources, Shinde actively handled the agitation by Patil despite "non-cooperation" by his two deputies, Devendra Fadnavis and Ajit Pawar. Last month, while addressing a Dusshera rally, Shinde said he comes from the Maratha community and is committed to resolving the reservations issue. He also vowed before the statue of Chhatrapati Shivaji to fulfil the demand. If Shinde manages to resolve this issue, he might emerge as a "Maratha hero".

Nitish to visit Mumbai, raise caste survey issue

After conducting a caste survey in his state, Bihar Chief Minister Nitish Kumar wants other states to hold a similar exercise. Kumar will likely be in Mumbai on January 7 to address a rally and speak about the caste survey. The JD(U) has been demanding a caste survey in Maharashtra on the line of Bihar. The party's cadre in Maharashtra, who want Kumar to be declared the Opposition's prime minister face for the upcoming 2024 Lok Sabha elections, is working hard to make this rally successful. They are trying to pull North Indians —prominently from Uttar Pradesh and Bihar.

Is Maha govt promoting privatisation?

The Eknath Shinde-led Maharashtra government recently announced the termination of private agencies for the hiring of contractual workers to create more government jobs and end the contractual system of recruitment. However, the same nine hiring agencies have been given a nine-month contract period extension. According to the Opposition, the move by the government is, on the one hand, showing people that they are working to end privatisation while, on the other hand, continuing with the same policy silently. Opposition alleged that the government is ending the government jobs and promoting privatisation.

I-T raid on Guj BJP leader's kin sparks fresh row

DILIP SINGH KSHATRIYA
@Ahmedabad

IN the complex landscape of contemporary politics, an Income-tax raid on November 8 on a pharmaceutical company in Gujarat, orchestrated by an IT team from Mumbai, has ignited speculation of internal strife within the ruling party.

The company, closely tied to a former chief minister and key party figures, faced scrutiny as political tensions escalated. While the BJP remains tight-lipped, the incident has become a focal point of discussion within party circles.

Gujarat's BJP grapples with internal divisions, exemplified by recent statements from ex-Union Minister Mansukh Vasava accusing party members of aiding opposition candidates.

The raid's target, linked to a former Chief Minister's relatives, adds intrigue, with suspicions of a strategic move ahead of the Lok Sabha elections.

Tailor's murder, 'Lal Diary': PM slams Gehlot govt, calls it terror sympathiser

RAJESH ASNANI @Jaipur

जन-जन की पुकार, आ रही

PM Narendra Modi addresses a public meeting in Udaipur on Thursday | PTI

IN a fiery critique, Prime Minister Narendra Modi once again targeted the Ashok Gehlot government in Rajasthan, spotlighting issues ranging from corruption and the 'Lal Diary' scandal to appeasement politics and the surge in crimes against women. Addressing a public gathering in Udaipur on Thursday, he questioned, "Gold is being recovered from the secretariat in Rajasthan; now, is it gold made from potatoes or gold made from pickpockets?"

In his inaugural election rally post the code of conduct enforcement for the Rajasthan Assembly elections, PM Modi pledged stringent actions against corrupt individuals if the BJP assumes power. He reiterated his commitment to exposing every Lal Diary doumenting Congress corruption.

PM Modi lambasted the Congress for its hollow promises, particularly criticising the alleged tenfold overcharging in outstanding bills under the guise of the free electricity scheme. Accusing Congress leaders of self-enrichment, he declared, "These Congress leaders themselves are acknowledging that the level of corruption here is unparalleled."

Touching on the recent ED, CBI, and Income Tax raids targeting key figures, PM Modi accused the Congress government of appeasement and linked it to incidents that "shame humanity" in Rajasthan. He pointed to a terrorist incident in Udaipur last year, attributing it to the Congress government's sympathy for terrorists.

He slammed the Congress government for ineffective handling of crimes against women. He also criticised the deteriorating law and order. Modi also accused Congress of neglecting issues until elections, making false promises, and imposing record taxes on petrol and diesel.

Rebels keep both Cong, BJP on tenterhooks in Raj

RAJESH ASNANI @Jaipur

ON the final day for the withdrawal of nominations in the Rajasthan elections, attention was riveted on the exodus of rebels from the Congress and BJP camps. Despite both parties having over two dozen rebels in the running, Thursday saw some notable withdrawals, including that of Rajpal Singh, a former Cabinet Minister in the Vasundhara Raje government. His decision to step back was influenced by a phone call from Union Home Minister Amit Shah.

Promptly responding to Amit Shah's intervention, state in-charge Arun Singh engaged with Rajpal, leading to a late-night meeting where the importance of Shah's promises took centre stage. Rajpal Singh Shekhawat officially withdrew his nomination at a press conference on Thursday.

Shekhawat revealed that senior party leaders had emphasised the greater importance of liberating the people from the allegedly corrupt Congress government than his individual candidacy. He shared, "After Amit Shah's call on Wednesday, I went to the same public on whose request I had filed the nomination. The public also understood my sentiments, and with their support, the nomination was withdrawn."

In the aftermath of Shekhawat's withdrawal, the path for BJP candidate Colonel Rajyavardhan in the Jhotwara seat became less arduous, thanks to Amit Shah's intervention. Similarly, in Jodhpur, Congress candidate Rameshwar Dadich withdrew from the Soorsagar seat without providing a clear explanation, stating, "At the request of my supporters, I am withdrawing my name in favour of the party."

However, amid these political manoeuvres, Chandrabhan Singh Akya from Chittorgarh has not rescinded his claim, expressing dissatisfaction over Narpat Singh Rajvi receiving the BJP ticket from Chittorgarh.

First casualty of Indian soldier in Pak shelling after 2021 truce

FAYAZ WANI @ Srinagar

A BSF jawan was killed after Pakistani troops violated ceasefire and fired at BSF outposts along the international border in Jammu and Kashmir's Samba district on Thursday. Head constable Lal Fam Kima sustained splinter injures and was taken to a nearby hospital where he succumbed to his injuries. Kima is the first Indian soldier to be killed by Pakistan shelling since the ceasefire came into effect in 2021. Kima, 50, hails from Aizwal in Mizoram. He is survived by his wife and three children.

Lal Fam Kima

DG BSF Nitin Agarwal said the border guards gave a befitting response to ceasefire violation and there are reports of heavy damage on the other side. Pakistan has been escalating ceasefire violations, he told reporters. Pakistan has violated the ceasefire at least two-three times now, he added.

The firing has shattered peace and calm along the frontiers and caused panic among the border residents. "We are now scared of going to our fields near the border. It is paddy harvesting time. We fear that the Pakistani troops can target us if we go near our fields at the border. We will wait for a few days to assess the situation before going to our fields," said a border resident. They said the Pakistani firing has taken place when the harvest season was about to begin.

Earlier on October 26, a BSF jawan and a woman were injured in Pakistani shelling in Arnia and R S Pura sectors.

2 bodies with bullet wounds recovered in Manipur, students call for peace

Students protest demanding peace in Manipur on Thursday | EXPRESS

TWO bodies, including that of a woman, with bullet wounds were recovered near Tairenpokpi in West district in Manipur, police said on Thursday.

The body of another middle-aged man was recovered from Takhok Mapal Makha area in the Imphal East district. The deceased was found blindfolded with hands tied from behind. The bodies were sent for postmortem. The deceased are suspected to among the four Kuki-Zo tribals who were abducted from Imphal West and Kangpokpi districts on Tuesday.

After the abduction, who are reportedly the family members of an Indian Army soldier posted in Kashmir, nine persons, including two police personnel, were injured in a firing incident. The police said that a Bolero carrying five persons who were en-route to Leimakhong from Churachandpur was confronted by an enraged mob.

"One person from the group was later rescued by security forces and further airlifted by a chopper to Dimapur for medical treatment," the police said.

The incident occurred two days after two teenagers were reported missing when they had gone out on a two-wheeler to attend an event at Sekmai in the Imphal East district. The police recovered their phones from near an oil pump in far away Senapati district but there is still no trace of them.

Meanwhile, the North East Students' Organisation staged peaceful demonstrations across the region on Thursday demanding peace in Manipur. Students participated in large numbers everywhere.

Docs prefer to duck postings in remote areas of U'khand

NARENDRA SETHI @Dehradun

DESPITE the efforts by the Uttarakhand government, the interest of doctors to serve in the state's hilly areas seems to be minimal. According to a senior government official, of the 1,067 posts of specialist doctors, 554 are lying vacant.

Even though the health services and infrastructure have improved to a great extent after the formation of the hill state in 2000, the shortage of specialist doctors in the hilly areas persists. The state government, which formulated the 'You Quote We Pay' scheme to woo doctors earlier this year, had hoped to meet the shortage of doctors and provide quality healthcare facilities to patients in remote areas.

State health secretary R Rajesh Kumar said, "Against the requirement of 1,067 specialists and super-specialist doctors, we have 515 such doctors. However, we are trying to fill this gap".

"The scheme, You Quote, We Pay, is getting good results and many doctors have approached to serve in the hilly areas," Kumar said.

"On contract, 37 specialist doctors are working with us through a World Bank-funded project, the Uttarakhand Health System Development Project and the National Health Mission," he added. According to officials in the health ministry, under the scheme, the state government provides an honorarium of up to ₹6 lahk per month to super specialists and up to ₹4 lahk per month to specialist doctors.

"Despite this, super specialist doctors are not available. cardiologists, neurosurgeons, paediatricians, gynaecologists, medicine, and physician specialists are most needed," sources said.

B'desh cops clash with garment workers

DHAKA

UP to 25,000 garment workers clashed with police in Bangladesh on Thursday, officials said, as protests rejecting a government-offered pay rise forced the closure of at least 100 factories outside Dhaka.

A government-appointed panel raised wages on Tuesday by 56.25 percent for the South Asian nation's four million garment factory workers, who are seeking a near-tripling of their monthly wage. Bangladesh's 3,500 garment factories account for around 85 percent of its $55 billion in annual exports, supplying many of the world's top brands including Levi's, Zara and H&M.

But conditions are dire for many of the sector's four million workers, the vast majority of whom are women whose monthly pay starts at 8,300 taka ($75). Police said violence broke out in the industrial towns of Gazipur and Ashulia outside the capital after more than 10,000 workers staged protests in factories and along highways to reject the panel's offer.

"There were 10,000 (protesting) workers at several spots. They threw bricks and stones at our officers and factories, which were open," Mahmud Naser, Ashulia's deputy industrial police chief, told AFP.

He said more than 100 factories were shut down in Ashulia and surrounding areas. Thousands of workers also clashed with the elite Rapid Action Battalion (RAB) and police at Konabari and Naujore in Gazipur, with police using batons and tear gas to drive them into alleys, AFP correspondents at the scene said.

"Some 15,000 workers blocked the road at Konabari, and vandalised vehicles and other properties. We had to disperse them to maintain law and order," Gazipur municipality administrator Sayed Murad Ali told reporters. *AFP*

ISRAEL AGREES TO PAUSE FIGHTING DAILY

4-hour humanitarian pauses daily, 2nd pathway to open for civilians to escape

KHAN YOUNIS

Palestinians fleeing Gaza City towards the southern areas on Thursday | AP

ISRAEL has agreed to daily four-hour military pauses in northern Gaza for humanitarian purposes, the White House said Thursday, even as President Joe Biden said there was no chance of a full ceasefire. Biden has been pressing Israeli Prime Minister Benjamin Netanyahu for longer breaks in the fighting after more than a month of war sparked by the October 7 attacks by Hamas.

White House National Security Council spokesman John Kirby said the pauses were "significant steps forward" as heavy fighting took hold of Gaza City in the north of the Gaza strip. "Israel will begin to implement four-hour pauses in areas of northern Gaza each day, with an announcement to be made three hours beforehand," Kirby told reporters.

"We've been told by the Israelis that there will be no military operations in these areas over the duration of the pause (and) that this process is starting today." The pauses would allow humanitarian aid to get into the area and allow civilians to flee the fighting, he said. Israel had also opened up "humanitarian corridors" for the past few days that had already allowed "many thousands" of people to leave the worst-hit area of north Gaza to the south, Kirby added. "We would like to see pauses continue for as long as assistance is needed," he said.

Fighting has raged since gunmen from the Islamist group Hamas poured over the Gaza border with Israel and, according to Israeli officials, killed 1,400 people and seized about 240 hostages in the worst attack in the country's history.

Vowing to destroy Hamas, Israel retaliated with an aerial bombing and ground offensive that the health ministry in the Hamas-run Gaza Strip says has killed more than 10,500 people. International calls for a ceasefire have mounted, as have protests, including one at the weekend which targeted the White House. However, Biden ruled out a longer truce for now. "None. No possibility," Biden told reporters as he left the White House for a trip to Illinois when asked about the chances of a ceasefire.

He said he was "still optimistic" about freeing hostages -- including the fewer than 10 US citizens held in Gaza. "We're not going to stop until we get them out."

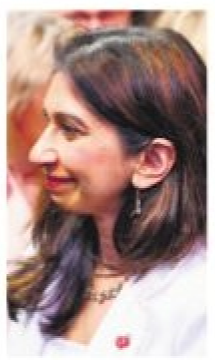
He later confirmed that in a call with Netanayhu that "I've asked for a pause longer than three days". When asked if he was frustrated with Netanyahu, he said, "it's taken a little longer than I hoped." The United States has firmly stood by key ally Israel since the attacks, saying that Hamas cannot be allowed to remain in control of Gaza.

But Washington has also been publicly calling on the Israeli military to obey the "laws of war" and avoid civilian casualties, while privately pushing Israel to scale back its offensive and to develop a plan for what comes next.

Biden visited Israel in October in a show of support. During the trip he announced that Egypt had agreed to open the Rafah crossing into southern Gaza to let aid trucks in.

Israel seized Gaza in the 1967 Six-Day War and withdrew in 2005. Two years later, Hamas took control. *Agencies*

BRAVERMAN IN TROUBLE AFTER REMARK ON POLICING DURING PRO-PALESTINE PROTESTS



London: UK interior minister Suella Braverman's position looked increasingly precarious on Thursday after she criticised policing of pro-Palestinian marches in comments made without Prime Minister Rishi Sunak's approval. Sunak was facing mounting calls to sack his home secretary after she suggested officers "play favourites" when policing protests and claimed they largely ignored "pro-Palestinian mobs". According to people familiar with the matter, the speech was sent to Sunak's office, which requested changes that were not made

High prices may dampen gold rush this Diwali

Prices rise 11% year-to-date on economic, geopolitical uncertainties

MONIKA YADAV @New Delhi

HIGH prices may dampen the spirit of gold buyers this year as jewellers across cities are getting mixed response from buyers ahead of Dhanteras.

While some are claiming long queues before their stores, others are reporting lukewarm responses. Dhanteras is marked as the beginning of five-day Diwali festival and is considered auspicious to buy gold. Gold prices are currently hovering around ₹60,000 per ten grams in cities like Delhi, Nagpur, Mumbai and other parts of the country. "There is a significant demand for physical gold as compared to last year, as per some jewellers. My stores are crowded with enthusiastic buyers to buy jewellery. This time, the booking is 30% higher than the previous year," Rajesh Rokde, director at Nagpur-based Rokde Jewellers.

"This time Diwali is also falling on the weekend, which is also giving people more time in hand to visit stores for gold purchase. People know that the prices won't come down further from now on. Religious sentiments also play a strong role in enthusing people to go out and purchase the yellow metal," Rokde added, who has four stores in Nagpur.

However, Delhi-based Jai Kabra, founder of Resham Group' has a different story to share. As per him, there is a lackluster demand for gold this year, the reason being higher prices. In contrast to Rokde, the enquiry by customers is nearly 25% lower this season. "Every year, fairly rich customers start enquiring about gold jewellery before Dhanteras, but this time things are a bit different. That kind of excitement is kind of missing this time and it is mainly due to high prices," stated Kabra.

Last year, the gold prices were at ₹51,000 per 10 grams. After the Ukraine war, the yellow metal prices had surged to ₹63,000, only to come down to ₹56000 later. However, now the recent Israel crisis again spurred the gold prices to near ₹63,000 per 10 grams before settling around ₹61,000. Year-to-date, gold prices have rose 11% in 2023. Dr C Vinod Hayagriv, Managing Director, C Krishniah Chetty Group of Jewellers, is also optimistic about the consumer interest.

"We believe we will outgrow last year. Thanks to our design and service we have steadily grown in value and quantity every year. We hope to do so this year as well," added Chetty.

As per Amit Kedia, gold expert at Kedia Advisory, geopolitical landscape in 2024 will play a significant role in shaping bullion price trends. "Bullion market in 2024 promises to be a captivating arena, characterised by the interplay of geopolitical events, economic policies, investor sentiment and global economic indicators…..We expect the market to continue with its bullish trend and test the levels of 68,000 at MCX by the end of 2024," said Kedia.

Bombay HC directs I-T dept to refund ₹1,128 crore to VIL

ENS ECONOMIC BUREAU @New Delhi

IN a relief to the telecom service provider Vodafone Idea (VIL), the Bombay HC on Thursday directed the Income Tax department to refund ₹1,128 crore to the telco paid by the company in 2016-2017.

The order came after a petition filed by VIL claiming the I-T department failed to refund the amount paid by it for the assessment year 2016-2017. The company in its petition claimed the excess of the legitimate tax due on its income and the department had failed to refund it. A division bench of Justices K R Shriram and Neela Gokhale took a strong view against the assessing officer for showing laxity and lethargy in not passing the final order within the mandated 30-day time.

The HC took a strong view of the fact that the assessment order was passed two years after the direction of Dispute Resolution Panel (DRP), and said the assessment order be quashed. It said the move caused a huge loss to the exchequer and public. The bench ruled that a detailed enquiry be initiated on part of the assessing officer concerned to act in accordance with provisions of the Income Tax Act.

> **Strict action should be taken against persons responsible for the laxity displayed which has caused a huge loss to the exchequer**
> Bombay High Court

"Strict action should be taken against persons responsible for the laxity and lethargy displayed which has caused a huge loss to the exchequer and in turn to the citizens of this country," said HC.

Sandeep Sehgal, Partner- Tax, AKM Global, a tax and consulting firm said the judgment emphasises that DRP provisions are mandatory in nature and are to be complied by the tax officer. It serves as an important directive to the tax department that the department should bear the brunt of its indoor mismanagement.

Ashok Leyland to invest ₹1.2K crore in its EV arm

ENS ECONOMIC BUREAU @New Delhi

LEADING commercial vehicle maker Ashok Leyland (AL) will be making an investment of ₹1,200 crore in its electric vehicle (EV) arm Switch Mobility- through its holding company Optare PLC UK.

The decision to infuse own funds come after the Chennai-based automaker was eyeing to attract external investors in Switch. The funds, to be infused over the next few months, will be used for capital expenditure, R&D and meeting operational requirements both in UK and India. The company believes ₹1,200 is enough to meet development needs for the coming few years. As of date, Switch in India and the UK has over 800 + buses plying successfully and has an order book of over 1200 buses. Switch India had a successful launch of India's only Double Decker e-Bus last year. In September 2023, Switch India launched its electric light commercial vehicles (e-LCVs). It has signed MOUs of over 13,000 vehicles for its much-awaited e-LCVs. Dheeraj G Hinduja, executive Chairman, Ashok Leyland stated, "We are confident that Switch will grow further in the European markets with the launch in 2024 of our new E1 12m bus developed specifically for the European market. Our portfolio of electric buses will cover value and premium segments meeting all price points for many global markets."

Ashok Leyland on Thursday reported a 181% YoY surge in consolidated net profit at ₹561 crore for second quarter of FY24. Revenue from operations rose 16.6% to ₹9,638 crore.

InterGlobe, Archer to launch air taxi service from 2026

ARSHAD KHAN @New Delhi

WITHOUT worrying about peak traffic hours or regular congestions, wealthy individuals will soon be able to fly between central Delhi and Gurugram, a distance of 27 km, in just 7 minutes as InterGlobe Enterprises (IGE), the promoters of India's largest airline IndiGo, and California-based Archer Aviation Inc have joined forces to bring the air taxi services by 2026.

The partnership has plans to finance the purchase of up to 200 of Archer's electric take-off and landing (eVTOL) aircraft – Midnight- for the Indian market. They intend to launch the service starting from New Delhi, Bengaluru and Mumbai. While the parties didn't disclose the cost of availing this service, it is likely to be on the expensive side.

Backed by Chrysler-parent Stellantis, Boeing and United Airlines, Archer's Midnight aircraft is a piloted, four-passenger eVTOL aircraft designed to perform rapid back-to-back flights with minimal charge time between flights.

The goal is for a passenger on an InterGlobe-Archer flight to be able to fly the 27-km Delhi trip from Connaught Place to Gurugram, typically taking 60 to 90 minutes by car, in approximately 7 minutes. The parties intend to work with select in-country business partners to operate Archer's aircraft, finance and build vertiport infrastructure, and train pilots and other personnel needed for these operations. In addition to urban air taxi services, they plan to pursue services such as cargo, logistics, medical and emergency, as well as private company and charter services. Rahul Bhatia, Group Managing Director of InterGlobe, said, "We are excited at this new opportunity of bringing an effective, futuristic and sustainable transport solution by introducing Archer's electric aircraft to India."

Moody's retains India's GDP growth at 6.7% for 2023

ENS ECONOMIC BUREAU @New Delhi

RATING agency Moody's has retained India's GDP growth projection at 6.7% for 2023.

In its report on Global Macro Outlook released on Thursday, it said sustained domestic demand is propelling India's economy as it maintained India's growth rate in 2023 at 6.7%. For 2024 and 2025, the agency expects India to grow at 6.1% and 6.3% respectively.

According to it, high-frequency indicators show the economy's strong momentum in the April-June quarter carried into the September quarter. "Robust goods and services tax collections, surging auto sales, rising consumer optimism and double-digit credit growth suggest urban consumption demand will likely remain resilient amid the ongoing festive season," says Moody's.

Though it said demand dynamics beyond the festive season would depend on the trajectory of inflation and the lagged impact of the RBI's monetary policy tightening. "Though core inflation also moderated to 4.5%, down from 4.8% in August, upside risks to headline CPI from potential spikes in food and energy prices amid erratic weather and geopolitical uncertainty will keep the RBI vigilant," says the rating agency.

In another report on Thursday, Moody's said India may face challenges in creating jobs in the long run due to low trade openness. "Bangladesh, India, Pakistan face greater challenges than Sri Lanka as young and growing populations necessitate the creation of significant numbers of jobs every year," says the report.

Industry welcomes HC verdict against TN's online game ban

ENS ECONOMIC BUREAU @CHENNAI

AFTER Madras High Court has ruled against Tamil Nadu government's ban on online games of rummy and poker saying both these games are not a game of chance, e-Gaming Federation (EGF) said it is yet another validation for the legitimate online skill gaming industry

Anuraag Saxena, chief executive officer of EGF said, "The verdict today by the Madras HC holding online Rummy and Poker as games of skill is yet another validation for the legitimate online skill gaming industry. Time and again, the Indian judiciary has struck down provisions seeking blanket prohibitions on skill gaming as ultra vires the constitution. A forward-looking policy has the potential to significantly drive and support the growth of this emerging sector."

He said central as well as state governments have realised the sector's potential as an employment and revenue generator and this decision will further investor confidence, and encourage innovation. "We are optimistic that judgments like this will urge state governments to explore more progressive policy frameworks and regulatory structures for the sector," he said.

Tamil Nadu government recently appointed chairperson and members of Tamil Nadu Online Gaming Authority to oversee the functioning of online games providers in the state, will collect and maintain information and data with regard to activities of online game providers besides advising the government on any matter pertaining to online gaming.

TDS: 5 mn crypto users shift to offshore platforms

TDS has the greatest impact on users: Report

The study revealed TDS has the greatest impact on users. It said the P2P traders data, suggests over ₹3,50,000 crore of VDAs were traded by Indians on offshore platforms between July 2022 and July 2023, accounting for over 90% of the total VDA trade volume by them

THREE to five million crypto users have shifted to offshore trading platforms with the imposition of a 1% TDS on the trading of virtual digital assets (VDA) in India, and this has deprived the exchequer of ₹3,493 crore revenues, as against the collected revenue of ₹258 crore, according to a report published by technology policy think tank the Esya Centre.

The TDS was announced in February 2022, with a single offshore exchange reporting 450,000 signups in the month following its implementation in July 2022. Web traffic, active users, and downloads by Indians on offshore platforms have increased since July 2022, it said.

Out of the ₹258 crore, 97% of the amount, ₹250 crore was paid by domestic Indian VDA exchanges, and only ₹7 crore was collected from trades by Indians on offshore platforms, only 0.2% of the ₹3,500 crore that should have been collected.

The study also revealed that TDS has the greatest impact on users as they want the levy to be suspended. It said that the P2P traders data, collected from leading offshore exchanges, suggests that over ₹3,50,000 crore worth of VDAs were traded by Indians on offshore platforms between July 2022 and July 2023, accounting for more than 90% of the total VDA trade volume by them.

And, a survey of executives at seven leading Indian VDA exchanges finds that the TDS is the most important reason for high offshore P2P trading. "Lowering the TDS to 0.01% would be the most important corrective measure to motivate traders to trade on domestic exchanges," it said.

The Esya Centre study proposes that the government should clarify the applicability of TDS to offshore platforms, lower the TDS to 0.01% or implement an alternative reporting mechanism, such as the submission of an Annual Information Report (AIR), to fulfil the purpose of data collection.

"The VDA tax architecture in India is a lost opportunity in terms of revenues for the exchequer and localisation of the VDA industry. While the VDA market in India is burgeoning, the benefits of the same are being reaped by offshore exchanges," said Vikash Gautam, the author of the report.

In a must-win game, New Zealand bowlers stepped up to seal the contest against Sri Lanka on Thursday | VINOD KUMAR T

Strong Kiwik solution

NZ's five-wicket win against SL almost assure them of a semis spot

VISHNU PRASAD @ Bengaluru

It was always expected that New Zealand's game against Sri Lanka at the Chinnaswamy Stadium here on Thursday would not go the entire hundred overs. In the end, it did not, but not for expected reasons.

The rain stayed away but New Zealand showed up. Their comprehensive five-wicket victory over the Lankans means that they are now virtually guaranteed a spot in the final four barring Pakistan pulling off one of the biggest victories in ODI history against England.

New Zealand chased down their target of 172 in just 23.2, leaving Pakistan with a near-impossible task against England. To better the Kiwis net run rate, Pakistan will have to beat England by 287 runs or chase down a target in under three overs.

The first scenario is not impossible given the manic urge with which Fakhar Zaman was scoring runs against New Zealand on Saturday. But it remains highly improbable.

Given how luck has betrayed them over the course of this tournament, the Kiwis did not leave anything to chance on Thursday. First, their bowlers dominated the Lankan batsmen, dismissing them for a paltry 171. Barring a brief spell when Kusal Perera smashed 51 from just 28 balls, the Lankans never looked to be in the contest.

Then, Rachin Ravindra and Devon Conway came out and put on a solid opening stand, scoring almost half the target in twelve overs. It was a memorable day once again for Ravindra as he overtook Sachin Tendulkar in the list of batsmen with most World Cup runs before 25. Ravindra also leads the batting charts in this tournament with 565 runs. The Kiwis did lose a few careless wickets trying to reach the finish line as fast as possible but at no juncture did it seem like a win was in question.

The New Zealand bowling performance was a clinical hit-job, the kind which India, their likely opponents in the semifinal, seem to have perfected in this World Cup. Tim Southee picked up a wicket in his very first over and the game's second, inducing an edge from Pathum Nissanka that Tom Latham snapped up. He should have had a wicket in the previous ball but a similar edge from Perera was put down by Latham.

Then his strike partner Trent Boult came to the party, sending back three Lankan batsmen for single digits. When the danger Perera was caught off Lockie Ferguson by Mitchell Santner with the score at 70, the game looked done and dusted with three balls still left in the first powerplay. Sri Lanka's lower order hung on till the very end of the innings but they were only prolonging the inevitable. Among them, Maheesh Theekshana looked assured while facing 91 balls for his 38.

The swift turnaround, from a bowling attack that was smashed to all corners of the same stadium by Pakistan less than a week ago, was remarkable. "It did feel like a different weekend, to be honest," said Boult after the match. "It was a touch slower today. I think Mitchell Santner bowled 10 overs for 15 runs or something like that. That proved that it was a pretty tricky surface. But yeah, the difference with the other night was we came across a Pakistan side that was in a hurry really. It was an interesting game but we parked that, learned from it and I thought we put those learnings in place quite nicely this afternoon."

The only possibility of the Lankans taking something from this match was the rain playing spoilsport again. This time though, that did not happen. The dark clouds that hung over the stadium when the match began had cleared by the time half the Lankan batsmen were back in the dugout. For once, the weather gods were on New Zealand's side. **Brief scores:** Sri Lanka 171 in 46.4 ovs (Perera 51; Boult 3/37, Santner 2/22) **lost to** New Zealand 172/5 in 23.2 ovs (Conway 45, Mitchell 43, Ravindra 42; Mathews 2/29).

Jemimah leads Mumbai to T20 title

EXPRESS NEWS SERVICE @Chennai

JEMIMAH Rodrigues-led Mumbai lifted their first-ever Senior Women's T20 Trophy at the Shaheed Veer Narayan Singh International Stadium in Raipur after beating Uttarakhand by six wickets in the final on Thursday evening.

In the final, Mumbai won the toss and invited Ekta Bisht-led side to bat and it proved to be a good decision when the bowlers made early inroads. Punam Raut and Jasia Akhter tried to hold the fort but they did not get any help at the other end. Prakashika Naik was the pick of the bowlers as she took three wickets for 14 runs. Despite losing an early wicket, Rodrigues and Humairaa Kaazi kept the ball rolling. Even when Kazi fell for 23, the captain took the team over the line to lift the trophy. **Brief scores:** Uttarakhand 84/8 in 20 ovs (Raut 24; Naik 3/14) **lost to** Mumbai 87/4 in 15.2 ovs (Rodrigues 30 n.o).

Shreyas, the spin-hitting crusader

SWAROOP SWAMINATHAN @ Bengaluru

IT had just taken a few minutes for the elephant in the room to make its presence felt. Shreyas Iyer had put out a six-hitting clinic against Sri Lanka but one of the first questions put to him was about the short ball.

The journalist's question was '... short ball has been a problem for you...'. Iyer's combative response was 'when you say it's a problem for me, what do you mean?' When the journalist rephrased that question to '... but it has troubled you...', the Mumbai batter doubled down. "Have you seen how many pull shots... especially which has gone for four. If you are trying to hit a ball, you are bound to get out anyway... If I get bowled two or three times, you all would say, 'okay, he can't play an inswinging ball, he can't play cut if the ball is seaming'.

"... You guys have created that environment outside that he can't play a short ball. I feel that people are picking that up every now and then and it plays on your mind regularly and you keep working on that... it's just that when I go to hit some shots, you are bound to get out. Sometimes, it may work, sometimes, it may not. Majority of the times, it hasn't worked for me, maybe that's the reason you think it's a problem for me. But in my mind, I know there's no problem."

Whether perception or any real weakness — for the record, India's No. 4 averages below 25 against this length (well below his career average of 46.5) — bowlers will keep targeting the 28-year-old with some chin music. What, though, has slightly flown under the radar has been his general performances at No. 4, especially the way he has tackled spin at this event. His specific role in this team is to be the boundary hitter whenever the slower bowlers are in operation and he has done that.

While Virat Kohli is the Indian batter who has scored the most runs against spin in this competition (226), he doesn't have as many attacking weapons as the Mumbaikar. Kohli's 226 runs have come off 268 balls at a strike rate of 84.3 (10x4, 3x6). But Kohli's role in this team isn't to take on spin. It's to nudge the ball into the gaps and run (140 singles and 14 doubles).

Shreyas Iyer

The task to take on the spin in this team is left to Iyer (156 off 162 at a strike rate of 96.2) and Rohit Sharma (152 off 143 at a strike rate of 106.2). In fact, the former leads all Indian batters for sixes against this bowling type with seven. That he's able to be aggressive against the spinners while not losing his wicket to this bowling type (only been dismissed once by them in 162 deliveries) is the value addition he has given to this team.

It's why the management showed their patience in waiting for him as he recovered from his injury. Throughout 2022 - under the new regime of Rohit and Rahul Dravid - Iyer's numbers against spin remained impressive. 323 runs from 328. It was the most by an Indian batter in the year while averaging 64.6.

As far as India were concerned, he was going to be the No. 4 at the World Cup. But recovering from the injury has not been an easy ride. "I was longing to come back to the team," he said after his 82 at Mumbai. "It was a difficult position to be in, watching them on TV. I know the grind and the preparation I went through before coming here, it was intense."

With the home stretch in view, Iyer against the opposition spinners could be a subplot within the game. As long as he is able to ride out the bounce.

Sri Lanka Cricket hits lowest ebb

VISHNU PRASAD @Bengaluru

AS their batters walked in and out in quick succession at the Chinnaswamy Stadium, Bengaluru on Thursday, a number of fans on social media were wondering why Sri Lanka were in such a hurry to finish their match against New Zealand.

To be fair, it is hard to blame them if Sri Lanka's players want this World Cup campaign to be over at the earliest. It has been nothing short of disastrous and few players have emerged with their reputation intact. Their five-wicket loss to New Zealand was just the latest in a string of results where the Lankans have been made to look like an Associate team. The one-sidedness of the result means that Sri Lanka are almost guaranteed to miss the 2025 Champions Trophy in Pakistan. Both England and Bangladesh will finish above them barring a miracle.

One has to go back to 1999 for the last time the Lankans managed to win only two matches in a World Cup. A generation headlined by some of the greats of the game like Mahela Jayawardene, Kumar Sangakkara, Tillakaratne Dilshan and Lasith Malinga ensured that they were the model of consistency at World Cups — in the next three editions, Sri Lanka finished runners-up twice and made the semifinal once. Those days appear to be long gone.

Of their seven losses in this tournament, they were only in the contest in a couple — the controversial defeat to Bangladesh could have gone either way while their loss to Pakistan came with just ten balls left in the game. The rest were all quite comprehensive. India beat them by 302 runs, South Africa by 102 while neither Afghanistan nor Australia ever looked in serious trouble while chasing down targets. The big win over England, incidentally at the same ground where they surrendered so meekly on Thursday, was a high point. But that will do little to pacify the fans at home.

Dejected Sri Lanka players after the loss against New Zealand | VINOD KUMAR T

"I think what we have to do now is, obviously, let the emotions settle a little bit," said Sri Lanka coach Chris Silverwood after the match. "And then, as I said earlier, have a good debrief, dissect what's happened and have a look at what we can learn from this and what we can take into the next phase, the next chapter leading into the next World Cup, and how do we put things right that we got wrong this time. What do we need to put in place at home. What structure do we need to put in place and just really plan a proper plan leading to the next cycle to make sure that when we arrive at that cycle, we have everybody on the path, we have everybody available and we can put our best foot forward."

Perhaps the sole silver lining among the many dark clouds of gloom will be the performance of Dilshan Madushanka. As Sri Lanka exited the tournament, the 23-year-old was still atop the bowling charts with 21 wickets. Madushanka only made his ODI debut earlier this year and had only taken seven wickets in the format coming into this tournament. The son of a poor fisherman, Madushanka has had quite a meteoric rise. A number of former Lankan players have already earmarked him for greatness.

Meanwhile, back home, the backlash to this campaign has already begun. Sri Lanka's sports ministry initially dismissed the entire cricket before the court stepped in to stay it. In yet another twist on Thursday, the Sri Lankan parliament unanimously passed a resolution, calling for the sacking of the SLC, with both the ruling and opposition parties supporting it. It is clear that changes are afoot in how cricket is run in the country. The question will be whether those changes can restore Sri Lanka to the exalted position it once occupied in international cricket.

UPSET ON CARDS?

They have beat three teams — England, Netherlands and Pakistan — and came close to beating Australia. Having qualified for the Champions Trophy, Afghanistan would want to finish their campaign on a high beating South Africa.

SPINNERS vs SA BATTERS

The contest that will decide the match is likely to be the one between Afghanistan spin quartet and the power-packed batting line-up that South Africa have. After the loss against India, they would want to prove a point.

Lanning: The soul of Oz winning machine retires

KALYANI MANGALE @Chennai

ON March 7, 2023, Delhi Capitals played UP Warriorz in the Women's Premier League at the D Y Patil Stadium. For Stacy Ann King, a World Cup winner herself, it was her first toss as a broadcaster. While pacing in the lobby of the Marriott Hotel, she nervously asked Natalie Germanos, a seasoned pro, "Any tips?." Germanos' advice was followed by a matter-of-fact. "If you ask Meg Lanning what she would have done after she lost the toss, she would simply say, 'Umm, I don't really care what we do first'." A few minutes later, after losing the toss, Lanning verbatim repeated Germanos' line — I don't really care what we do first.

That was not arrogance. That's just how little Lanning allowed the game's "uncontrollables" to weigh on her shoulders. And after representing Australia for 13 years, in a very Lanning-like fashion, the 31-year-old announced her retirement from international cricket on Thursday. "It's all I've ever known really for 13 years and I've given everything to being as good as I can to help the team win. And now it's time to focus on myself and see what else is out there," an emotional Lanning said.

Former Australia captain Meg Lanning

While it might have come as a surprise, Lanning's decision to call it a day did not seem all that sudden. For, in the last 18 months, she had taken two sabbaticals from the sport — first for her mental health and second, due to an undisclosed illness. After all, she was thrust with the responsibility of the historically successful Australian side at the age where people usually finish their under-graduation. Even then, Lanning had already proved herself by winning the 2014 T20 World Cup.

In the coming years, she continued that legacy of the victorious team. When Matthew Mott joined forces with her in 2015 as a coach, the Women's Ashes trophy came along. However, in 2016 and 2017, Australia lost their T20 and ODI World Cup crowns to West Indies and England, respectively. The captain-coach duo had their work cut out and that is where Lanning, the captain, changed. The loss against India in the 2017 WC semi-final was the blow to wake them up from a slumber of their own success and reinvent themselves.

If pre-2017 Australia were dominant, they were simply ruthless in their pursuit after. They went hard at the opposition, without giving them any room to breathe. It resulted in Australia reclaiming their T20I title in 2018, defending it in front of their home crowd in 2020, and winning it all again in South Africa in 2023. It also led to Lanning's team winning the ODI World Cup in New Zealand and a Commonwealth Games gold medal in 2022. As the leader of that almost flawless side, Lanning did it all. If Ellyse Perry was the face of the changing game of cricket, Lanning was the heartbeat of that change. If Alyssa Healy showed what a female athlete can achieve given opportunities in the biggest arena, Lanning helped build that confidence brick by brick. If Beth Mooney or Tahlia McGrath could showcase where women's cricket can go, Lanning remained the launching pad for it all.

Many have called the Australian system a production line of talented players. One look at the ongoing WBBL would confirm that. But under Lanning, Australia felt like a dominant, all-conquering armada with a soul. That is the legacy the Lanning era has left behind. The greatest cricket team the world has ever seen with just the sheer weight of their on-field achievements, but also the one that fought with the true Aussie attitude of cricket: Playing hard but fair and putting the team first.

No one in women's cricket has been called 'God' yet. Maybe because the women's game is more human than meets the eye. But if there is anyone who has achieved that level of immortality in that sphere, it is Meghann Moira Lanning.

Real impress, Sociedad advance; United lose

AGENCIES @Geneva

ON a royally good evening for standout Spanish teams, Manchester United fell in another wild loss in the Champions League. Real Madrid and Real Sociedad advanced to the round of 16 with two games to spare after impressive home wins over Portuguese opponents, respectively 3-0 against Braga and 3-1 over Benfica.

Bayern Munich and Inter Milan also won and will be in the knockout phase after getting key late goals from their talismanic strikers, Harry Kane and Lautaro Martinez. Kane scored in the 80th and 86th minutes in a 2-1 win over Galatasaray and Inter's 1-0 win at Salzburg was sealed by Martinez's penalty in the 85th.

Man United almost never has straightforward games in the English giant's drama-filled season on and off the field. A 4-3 loss at Copenhagen 'the same result as United's opening game at Bayern' after twice letting leads slip left coach Erik ten Hag's team last in Group A.

The three-time European champion seemed in total control with a two-goal lead after 28 minutes earned by $80 million forward Rasmus Højlund, returning to face his former club.

A red card for United forward Marcus Rashford in the 42th sparked the chaos to follow, which saw Copenhagen level the score in 13 minutes of first-half stoppage time because of two pauses in play, including a protester on the field. United led again when Bruno Fernandes scored from the penalty spot in the 69th but could not hang on. Lukas Lerager leveled in the 83rd before 17-year-old substitute Roony Bardghji won it in the 87th.

Arsenal took a four-point lead in Group B by comfortably beating Sevilla 2-0 while PSV Eindhoven rose from last place to second with its first win, 1-0 at home to Lens.
